# Waggener High School History & Photos, 1963, 1st. Edition

This is one of many sections that contain information, photos, newspaper articles, internet items, etc. of the St. Matthews area and especially of Waggener High School. Many of the items came from Al Ring's personal collections but many people have helped and I have tried to give credit where I can.

The purpose of this "collection" was to create the history of Waggener and the students and teachers who were there during my time. Being retired I now have time to do many of the things I have always wanted, this project is just one of them. The collection is continuing today, so if you should have old or new information on the St. Matthews area from 1950 to 1962 or Waggener High, please contact Al Ring.

All graphics have been improved to make the resolution as good as possible, but the reader should remember that many came from copies of old newspaper articles and photos. Credit to the source of the photos, etc. is provided whenever it was available. We realize that many items are not identified and regret that we weren't able to provide this information. As far as the newspaper articles that are not identified, 99% of them would have to be from one of three possible sources. The Courier-Journal, The Louisville Times or one of the Voice publications. Books that we have used for some information include, Randy, Cactus, Uncle, Ed and the Golden age of Louisville Television, Waggener High School Alumni Directory 1996, Waggener Traditional High School Alumni Directory 2007, Memories of Fontaine Ferry Park, St. Matthews The Crossroads of Beargrass by Samuel W. Thomas, St. Matthews, 25 Years a City Two Centuries a Community, St. Matthews 1960-1995, Waggener Lair's 1958 to 1962, The Holy Warrior, Muhammad Ali, Louisville's Own (An Illustrated Encyclopedia Of Louisville Area Recorded Pop Music From 1953 to 1983).

Please use this information as a reference tool only. If the reader uses any of the information for any purpose other than a reference tool, they should get permission from the source.

# **Explanation of the following pages, (Please Read)**

This section is on the history of Waggener High School. Several alumni have helped by providing information for this section along with many articles from *The Voice Of St. Matthews*. We appreciate everyone's contributions. Also, much of the information is from editions of the Waggener Year books, the *Lair*.

# Scholarship available Honor Roll to high school seniors

Senior students at Wag-gener high school are eligible to apply for nearly 400 four-year scholar-ships offered by General Motors at more than 200 colleges and universities.

(This scholarship offer also applies to all other high school students in Jefferson County).

There is no restriction on course of study or career, Stipends range from an honorary award of \$200 to a maximum of \$2,000 per year, depending on demonstrated need.

Participating colleges have full discretion in the awarding of the scholarships. Their scholarship committees review the applicants' high school academic records, available entrance test scores. participation in extracurricular activities and leadership traits, interested persons should write to the directors of admissions at any of the participating colleges.

Any secondary school senior or graduate who is a citizen of the United States is eligible for consideration. The initial awards are made to enfering freshmen and are continued through the normal four undergraduate years for those with satisfactory records.

The listing of these institutions is in the Guidance Office.

Three one-act plays have been cast for a night of plays to be presented early in 1963 by the Waggener Thesptan Troupe 2023. The best of these will be Waggener's entry in the Regional Drama Festival.

"Irlumph of the Egg" by Sherwood Anderson will have sophomore Bud Fischer in the lead with Debbie Huffman and Paul Field in supporting roles if this bourgeots tragedy concerning one man's futde efforts for survival. the director of this play vill be John Flah.

"Overtones" a forerunner of modern psychological dramas, will feature Mary Thomas, Claudia Roberts, Lynn Staley, and Sylvia Clarke. Jeanne Hathaway will direct this second candidate for the festival competition.

The third play, selected on the basis of the talent shown at the tryouts, is "Telling of the North Star," a verse-drama by Vincent Ferrini about the return of a ghost ship to a small Massachusetts seaport town. Barbara Shenson, Frank Thomas, and Mike Webster will play the leading roles with a supporting cast of Barbara Bramble, Ed Kearl, Tommy Smith, Charlie Rosenbaum, and Brent Willage, Alice Almond and Marcus Burke will serve as the co-directors of the third play.

Flu-like illness hits area schools

An illness which health authorities have likened to influenza is wide spread over this East end

macists in the area indicate the illness is widespread among adults, the most noticeable influence the illness is having is at the area's schools where absenteelsm is reported high.

Waggener is apparently the worst hit by the illness, reporting more than 100 percent increase in absenteetsm Tuesday above normal. The senior high school said 230 were absent and 78 were reported absent in the junior high.

The senior high school said this compares with about 100 to 110 normal absenteeism, while the junior high said that 40 to 50 absent is normal for the school.

We stport High, where 1406 are enrolled, re-ported 131 absent, which was a little higher than usual.

Eastern High School reported 183 absent Tuesday, or about 50 more than normal.

That is much the same story at the area's elementary schools, Chenoweth, Lourdes and St. Margaret Mary each reported absenteelsm ranging from 25 to 50 more than normal. Holy Trinity said its absenteeism was a little above aver-

# Merit tests due March 9; seniors plan Vaudeville

National Merit Scholarship Qualifying Tests will be administered to interested juniors of good scholastic standing (B average or better, suggested) at Waggener on Saturday, March 9.

The three hour test is composed of five separately timed tests, and emphasizes broad intellectual skills, that is, not merely facts but the application of them.

Top-scoring students will be recognized as semifinalists in September and will take the College Board Test in December of their senior year to substantiate the NMSQT score.

A second group of highscoring participants will receive letters of commendation and will become elegible for several special scholarships.

Names of the semifinalists are listed in a booklet for distribution to colleges, universities, and other scholarship agencies. Their names and scores are also sent to their first and second college choices.

Participants in the Merit competition are considered not only for Merit Scholarships offered by NMSC and sponsors, but mer special scholarships awarded by private organizations.

The fourth annual Senior Vaudeville, to be presented March 27, 28 and 29 in the Waggener gym, wfil be based on the theme "Reflections in Music," according to one of the directors.

The performance will be a combination class history and portrait of the '63 Waggener senior. Tenative plans call for three acts: (1) Showtime; (2) Down on the Farm; (3) That Wonderful Year. Featured on the bill will be a startling rendition of 'Let Me Entertain You'

a chorus of cuties singing songs from the native hills of Kentucky; a group of contemporary folk singers; a brilliant satire on the Rock'n'Roll idols of today; and a gang of real, live juvenile delinquents.

Susan Rumble, Pam Isham, and Barbara Derr are directors of the '63 Vaudeville, and Calvin Johnson is the music director. Commentators and a complete list of acts are yet to be announced.

Mrs. Grace Weller, Mrs. Juanita Guess, and Mr. Joshua Cummins are the directors.

Emphasis will be placed on different kinds of music; show, folk, and jazz, with a minimum of Rock'n'Roll. The program will include a band and a chorus.

"Hi Teens", heard on WHAS radio on Saturdays featured Waggener or Feb. 23 at the regular time.

February 28, 1963

Each week this proadcast honors a different school in the area. Student participants from Waggener are members of the Chit-Chat staff who discussed such topics as the school, current activities, the athletic program, and the top ten popular records. A jury of three judged new tunes and rated them "flip" or "flop".

Mrs. Janice Spear, senior English teacher, was interviewed by two staff members on a topic of general interest to teenagers.

#### School counselor, PTA president named colonels

Mrs. Alice Dawson, girls' counselor at Waggener High, and Owen S.

#### Winner

Winner of first place trophy in Rod and Custom Class recently in an automobile show at the State Fairgrounds. Bob McCue, 4233 Westport Road, stands with his trophy and by his car, a "modern Compact," which won the honor. Bob and his brother Wayne, a student at Waggener High School, have worked on the 1960 car since it was purchased. That has included interior changes and a lot of chromium on the motor (shown) and under carriage. Though proud of his trophy, Bob isn't sure the time and cost is worth the reward. But he wants to keep trying. He graduated from Waggener and is employed with Bittner's Record and TV Service.

#### Three seniors named National Merit Scholars

Charles Batteau, Susan Blayney, and Edwin Nie-mann, three Waggener seniors, have been selected as National Merit Scholars,
Twenty-wo scholars of the 1400 in the nation were from Kentucky. Locally, there were three from both Eastern and Waggener, two from St. Xavier, and one each from Atherton, Flaget, Kentucky Home, Southern, and Trinity.
This is the targest number Waggener has had in its four years of competition, There have always been a large number of finalists, but until this year Richard Long in 1961 and Paula Givan in 1962 were the only Waggener Merit scholars.

Each scholar was ad-ministered the National Merit Qualifying Test from which he was chosen as a semifinalist, Fina-lists were selected after an SAT test and a personal form were complet-ed. A selection commit-tre then announced the scholars, in making their judgments, committee members evaluate test scores, high school grad-es, creative achieve-ments outside the classroom, qualities of leader-ship, school and communtry citizenship, extracur-ricular activities, high school official's endorsements, and similar data made available by school officials. Financial need and amount of aid is determined after selection.

"I think it's one of the most wonderful things that's ever happened to me," commented Chuck me," commented Chuck Batteau who will receive an A.M.F. Foundation scholarship, he plans to study electrical engin-eering at Purdue University. Chuck is in the Beta Club, is vice-president of the math club and is active in church work and Boy Scouts.

Susan Blayney looks forward to attending Michi-gan State University on the merit scholarship she won, Around school Sus-an is a member of the Mational Honor Society, Bera Club, Latin Club, and vice-president of the F.I.A. Edwin Niemann Is win-

ner of an Inland Contain-er Corporation Merit Scholarship, He will at-tend Purdue University and major in chemical engineering. Ed is a member of the National Honor Society, Beta Club, and vice-president of the German Club, He is a varulty baskethall manager,

# Waggener's Chit Chat judged best in area

Waggener High School newspaper Chit-Chat has won the first place award as the "best all-around" paper in the annual high school journalism contest sponsored by the Bellarmine College Pride Corps.

The first place plaque and citation was presented to the newspaper's editor-in-chief, Rod Larmee, in a special ceremony last Sunday at Waggener.

Earl Duncan, principal, and Mrs. Katherine Kirwan, faculty advisor for the paper, took part in the ceremony.

Newspapers from 21 high schools in the Kentuckiana area were judged in the contest.

The top all around awards were based on

consistent, high quality journalism in all areas of content, style and timeliness.

The Chit-Chat also won the best sports article-entitled "The World of Football" and award for the superior feature story. That story was entitled "Mrs. Dieeks Uses European Travel to Collect Materials for Library."

Sacred Heart Academy's The Angeline News won the award for superior editorials.

Last year, Waggener had 17 semifinalists. Three of these went on to receive scholarships. They were Chuck Batteau, Susan Blayney and Edwin Nieman.

#### Memorials

"In memory of Mickey Krebs' reads the plate on the inside cover of 'Life's Mathematics." This book was given to the Waggener library by the Krebs family in memortal to their son, Michael.

Mickey Krebs, an eighth grade student at Waggener last year died this summer at Children's Hospital after Open-Heart Surgery. Being an avid mathematic and science student, he especially wanted a series from the Science Library. His mother has donated the first book of the series and plans to give the remainder of the series to the library when they are published.

This is only one example of the donation of memorial books to the library. Last year the Class of 63 gave English poetry books in memory of Mrs.

Eleven of Waggener's Bess Penna, mother of Meetzee Penna.

The Class of '62 gave as a memorial to Charles Carapezza, Carolyn Carapezza's father, the book "Structure and Change." In 1961 "C o m plete

Poems of Paul Laurence Dunbar" was given in memory of Carol Curry by her grandmother.

#### Chit-Chat Covers

Because of the response of the student body, the Chit-Chat staff has reordered the newspaper covers and will sell them throughout the year.

Mr. Ben Averitt, former Waggener teacher now studying at U.K., conceived the idea for covers when students expressed a desire to keep a complete record of their high school years.

Sturdy covers in school colors, held together with clips were selected because the cost of binding was too high for the average student to pay.

Larry Kelly did the artwork, and produced the final draft which was sent to the printer.

## Waggener names 49 for Youth Speaks

By Jan Heckenkamp

Youth Speaks has selected 49 members, includ-ing 12 alternates, for its Waggener chapter to participate in the year's activities.

Delegates will take part in several discussions before attending the annual county-wide work-shop, which is to be held on a Saturday in February. Alternate members who will substitute at the workshop for delinquent delegates, have also been requested to take part in the discussions. Any student may come to the school meetings of "Youth Speaks."

The annual public affairs Hill Gr the workshop ly announced, However, civil rights received the greatest demand among Youth Speak student organizers throughout the city. The organizational convention revealed widespread belief that such a topic would draw speakers of national prominence to the workshop.

Youth Speaks serves the youth in the community through other activities. This past summer the group publicized the pro-blem of high-school dropouts. Regular programs are the Saturday "Youth Speaks" television panel and the Youth Friendship Exchange for Kentucky rural and urban students. The establishment of a youth court to correct juvenile traffic offenders is being investigated.

#### Foreword

From an outward glance Waggener is no different from any other high school. It is filled with a student body which experiences the long hours of study, the excitement of a basketball game, the long awaited weekend, and the academic atmosphere of a modern school just as do students in all other parts of the country. But this is where the similarity ends. For in its entirety Waggener has a quality all its own. In the years to come we will be able to look back and remember all the thrills of the big game with Seneca, the crowded halls, the singing of our "Alma Mater" at class day, the soc-hops at Zachary Taylor, and all the other unforgettable incidents which characterize Waggener.

This is '63 at Waggener—a year that will be long remembered

This is '63 at Waggener—a year that will be long remembered but never repeated. It is to preserve these memories that we present the '63 Lair. In it we have tried to separate the individual from the masses; to relate this individual to the life and history of a busy school. If, in doing so, we have provided a pleasant retrospect of the past year for you, the reader, our purpose has been fulfilled.

Cheering . . .

the Wildcat"

Wagener High School is often thought of as great complex of clastrooms, laboratines, librarie and offices, all well-equipped for the business of education. However, a look beyond these impesors facilities will reveal a student body manifestin toel in many different ways through interest, coparation, and participation in the school. To Student Council deals with the academic problem and matters which concern communication between faculty and this school as a whole, while faculty and this school as a whole, while and solve the problems exclusive to each group Even the extracurricular activities, such as footbal garrest. Although the inferest of the student body in eigenfall to the proper function of the school, the most vital contributor is the individual student. The personal sacrifice made by each student for the betterment of the school, the after-school and the spontaneous and sincerely felt spirit shown by student at school functions are necessary, even indipensable, to the creation of a cooperative and contributive atmosphere within the school, For Wagageer is not merely a cold labyrinth of hallways directed toward the obtaining of an impersonal but correct edicaction, but a warm mixture of enhalsam and effort by each student which helps to build and ministra the spirit of the wildcat.

#### LOUISVILLE

LOUISVILLE

Louisville, home of George Rogers Clark, of Gen. Zachary Taylor, of the Kentucky Derby. These are very familiar words: It is true that Louisville is known and respected for its history and its contributions to the words of sports and entertainment: however, Louisville is important to us for a different reson. It is our home, the center around which our intellectual, cultural, and social lives revolve. We have spent many tring but rewarding hours studying in its libraries, patronizing its shops, being trained on its highways, and engaging in competition with its other schools. We have come to know our city intimately through contact in a variety of situations.

#### WAGGENER

Most important of all the influences in our lives is our high school, Waggener. Sprawled over several acres of land on the edge of 5t. Matthews, it contains all the equipment necessary to give us a complete education, which is, of course, vitally important in our changing world. But Waggener is more than just an educational wishour daily lives revolve. Here we neare will be supported in the same time, making new ones. Here we are allowed to participate in social and educational activities which broaden our horizon as well as helping us to enjoy this period of our lives. Here, again we are allowed to participate in organized athletic activities which are healthy for us physically, and which permit us to engage in clean competition, refreshing to the mind as well as the body. Waggener has given us much, and we owe it much. We can only hope to repay its gifts by taking advantage of its opportunities when they are offered, and to unabolize its standards in the future.

### Waggener

Waggener's first Homecoming, our official welcome to the alumni, on December 27, 1962, was celebrated by a basketball game with Oldham County at Eastern and a dance. During the dance the Homecoming Queen, Marilyn Curtis, was crowned. The 1961-62 alumni were presented with a list of the whereabouts of their class members in order that for them Homecoming, the reunion of high school friends, can continue all year around. It is hoped that this event will become an annual one at Waggener, thus perpetuating the unity of the senior class beyond the days of graduation.

# Brings Foreign Student

Many hours of work went into the Decorate the Door contest.

Waggener's student council, which functions primarily as an organization for student self-government, carries on, in addition, numerous activities such as the donation of Christmas baskets to the needy which are beneficial to the community as well as the school. Within Waggener the council has contributed to scholastic and extracurricular expansion by supporting the Foreign Exchange program with the sponsoring of our own Japanese foreign exchange student, by organizing the Christmas door-decorating contest, and by arranging the Homecoming. Members of the council attempt to learn new and more effective ways to perform their duties by attending student council workshops, such as those held in Danville and Georgetown, Kentucky.

BETA CLUB OFFICERS: John Weeter, president; John Guth, treasurer; Marti Wilde, vice-president; Pam Isham, corresponding secretary; Judi McMahon, recording secretary.

## Beta Club

The Beta Club, largest of several honor organizations at Waggener, uses its 193 members in an appropriately great number of projects for the benefit of their school and community. Its activities in the past year have included the formation of the Junior High Beta Club, attendance at the state Beta Club convention at the Brown Hotel in Louisville for which it handled the publicity campaign, and the work of individual members at the Market Street Neighborhood House for the underprivileged. Through its dedication to service and the maintenance of high standards of conduct, the Beta Club has become an invaluable part of Waggener's academic program.

# Key Club

The Waggener Key Club, organized during the 1961-62 school year by chemistry teacher Charles Day as a high school affiliate of the Louisville Kiwanis Club, has worked tirelessly to contribute to the extracurricular and social lives of Waggener students. The members have sold concessions at football games in order to raise money to buy sweaters for the cheerleaders, to hire transportation for the Drill Corps, and to donate money as well as time spent on arrangements to the fund for the football scoreboard, and have aided the Ki-wanis Club in its annual Christmas Tree Sale. Although it is a comparatively new organization, the Key Club has become a respected part of Waggener's extracurricular program.

NATIONAL HONOR SOCIETY OFFICERS: Rusty Garth, president; Marty Speer, secretary; Chuck Stanberry, treasurer; Skip Harvath, vice-president.

#### NATIONAL HONOR SOCIETY

The National Honor Society functions not merely as its name suggests, to honor those students who maintain high scholastic and personal standards, but also as an academic and social incentive to the student body. Members, individually, perform useful service to the school and the community by aiding needy persons and working with charitable institutions, while the Honor Society, as a whole, supports many projects such as the scholarship do-nut sales, and the annual alumni tea to welcome back graduate members. Through its service, leadership activities, and cooperative spirit, the National Honor Society has become one of our most respected student organizations.

**QUILL AND SCROLL OFFICERS:** Calvin Johnson, vice-president; Susan Rumble, president; Marty Speer, secretary-treasurer.

The Quill and Scroll Literary Society of Waggener High School was founded for the purpose of honoring and encouraging the literary work of members of the student body. It accomplishes a great deal toward its goal with its annual creative writing contest, open to students of grades 7-12, and with the Quill and Scroll sponsored Publications Banquet to which members of all school journalistic organizations are invited. Through the Quill and Scroll's useful and enjoyable projects, students are aided in their efforts to produce truly creative literary and journalistic work.

# introspect

The introspect, a literary magazine edited once annually, publishes the best works in that field written by Waggener students. Its materials come not only from individuals and English classes as a whole but, also, from the articles written by the winners of the Quill and Scroll contest. The introspect's high standards inspire in others the incentive to create, thereby developing talents previously undiscovered.

#### BAND

Waggener's band performs a variety of activities that help to enliven the normal routine of the school, while, at the same time, it acts as a representative for Waggener in community functions. The band, led by Mr. Carl Markert, plays at school pep rallies, football games, and at two formal concerts—one at Christmas and the other in the spring. The band also marches in Louisville's Derby and Veterans' Day Parades, and sends representatives to the all-county and all-state Youth Orchestras. By participating in such a diverse program, the band adds color and excitement to the student life at Waggener.

## Orchestra

**ORCHESTRA** 

The Waggener High School orchestra is an organization dedicated to the promotion of the musical arts, not only within Waggener itself but throughout Kentucky. Some of its members represent Waggener in the All-County Youth Orchestra and may do so for the first time this year in the All-State. The entire orchestra travels on a Spring tour around the state, performing at a great many high schools in the hope that it can bring entertainment and incentive to those schools which do not already have orchestras of their own. At home the orchestra plays at assemblies and at two concerts—one at Christmas and the other in the Spring. Over the years the Waggener orchestra has provided for the students an opportunity to learn to love and appreciate good music.

At the Waggener football and basketball games, the halftimes are highlighted by the marching of the Drill Corps. These lovely prancers are put through their precision routines under the lead of four majorettes and a head majorette, Shirley Wilson. As added activities, they march in both the Veterans Day and Derby Day Parades, and a new feature this year is the twirling of the Fire Baton under the deft fingers of majorette Miriam Poe. The Corps, a symbol of talent and hard work, supply a touch of beauty and color to the masculinity associated with sports.

A list of activities at Waggener H. S. could never be complete without the mention of an organization vital to the school's spirit of unity and community responsibility. Its many activities include the selling of Waggener booster tags, sponsorship of a Fall carwash and the Junior-Senior Girls' Football Game, and the decoration of the football field and the basketball court for games played at Waggener. At meetings held every Wednesday, its members discuss ways to promote "school spirit" among the students so that each person attending Waggener may identify himself with a group every member of which is working toward a common goal—the betterment of his high school.

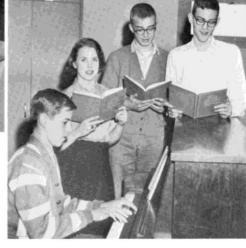

A symbol of Waggener's school spirit, the Wildcat is painted here by Mr. Averitt and Larry Gillette.

#### SENIOR HIGH ADMINISTRATION

The direction of a large high school such as Waggener is not an easy job. All matter of work, academic supervision, guidance, and discipline, needs constant attention. To perform these tasks Waggener has an able staff headed by principal Earl Duncan with assistant principals Mr. John T. Corey and Mr. Arthur Draut and secretaries Mrs. Doris Thompson of the main office and Mrs. Dottie Thompson, financial and visual aid secretary. Counseling comes under the jurisdiction of Mrs. Mildred Dinning and Mrs. Alice Dawson for the girls and Mr. Joseph Driskill and Mr. William Aiken for the boys. The expert management of the administration has certainly been a primary factor in the growth and development of Waggener during the past several years.

Many students are thankful for Mrs. Morris' efficient secretarial work in the counselors' office.

Creative arts, which are taught, for the most part, under the auspices of the music and art departments, provide a welcome break in Waggener's academically-oriented program. The musical courses offered are the chorus and the choir under the direction of Mrs. Ely, the band under the direction of Mr. Markert, and the orchestra under Mrs. Richie, all of which give periodic concerts to entertain the student body and to display their accomplishments of the current year. Art courses taught by Miss Merkeley and Miss Huntsaker which include art I, art II, advanced art, and general art appreciation, instruct the student in the best artistic manner of expressing their original ideas. Waggener's music and art department has done more than its share in contributing to a well rounded curricular program.

The science department, headed by Mrs. Ethel Kurtz, attempts to fulfill the requirements which students need today in a world based upon scientific research and discovery. The department offers courses to advanced, superior, and regular levels in these subjects: eighth grade science; ninth grade general science, by both audio-visual aids and regular classrooms; advanced science, known as earth science; Biology I and II; Chemistry I and II; anatomy and physiology, and physics. This year, once again, they will present their annual science fair and will sponsor the decoration of a hall bulletin board. Besides fulfilling credits, the science teachers offer students enrichment and incite in them the desire to continue in the field of science, which now offers so many opportunities to the qualified applicant.

### English Teaches Us Grammar and Literature

Mr. Deim begins the instruction of Anglo-Saxon literature.

The ability to communicate effectively is an asset to any individual, and at Waggener the teaching of English takes a primary place in the curriculum. Four years of English are a requirement for every high school student, beginning with the basic rules of grammar and ending with a detailed study of American and English literature. Also included in the English Department are such subjects as Speech and Drama and Journalism which, although they are not requisites, are greatly beneficial to students in that they stimulate interest in the arts and introduce students to fields with which they would not otherwise come in contact.

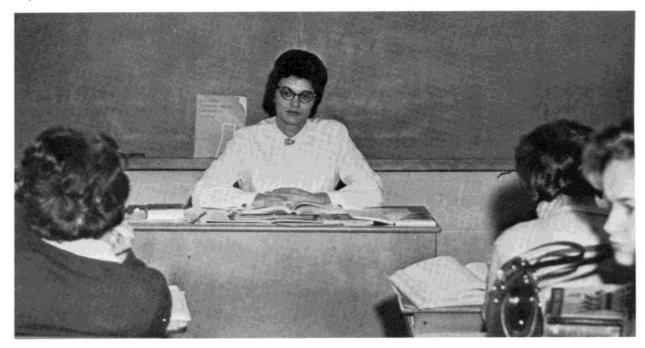

At Waggener the English Department is recognized as being responsible for one of the most important parts of a student's education, the segment which teaches respect for the achievements of art in literature and the way in which he himself can use the tools of his language with the most beauty.

### Mathematics Figure in Today's Scene

#### MATH DEPARTMENT

The times in which we live are progressive ones with theoretical and applied mathematics playing a large part in the development of industry and science. Waggener's Math Department attempts to contribute to this growth by instructing each student thoroughly in basic math, plane and solid geometry, primary and intermediate algebra, and trigonometry. For those especially interested in the subject, there is an advanced program, begun in 1958 and headed by Mrs. Ruth Pardon, which includes those courses already mentioned in the normal program plus advanced algebra, calculus, and analytics. Waggener's Mathematics Department is a complete one which caters to the needs of all its students and provides them with a stimulating introduction to the field of mathematics.

### Language Studies Aid Communication in Fast Shrinking World

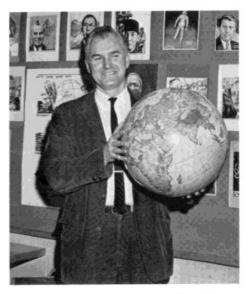

#### FOREIGN LANGUAGE DEPARTMENT

The world is growing smaller, and with each inch it loses, the necessity for communication between nations and their peoples is becoming greater. Waggener attempts to answer this need in its students with an extensive Foreign Language Department including courses in Spanish, French, Latin, and German, all of which, except German, are four year programs. In addition to the regular classroom work, the study of foreign languages is aided by the use of the language laboratory, a device by which students improve their fluency and their pronunciation. Programs such as the Spanish classes' Pan-American Day, a variety show of Spanish songs and skits, are often presented in order to show the younger students what they may accomplish and the fun they will have in that particular course.

Although the study of foreign language is a difficult and complex one for some, Waggener's department has succeeded in constructing a program which fits the needs of the individual student and is enjoyable and educational for all. "Verstehen Sie das?" Mrs. Weisert asks her German students.

# Social Studies Acquaints Us With the World Past and Present

Mr. Averitt holds the weight of the world.

#### SOCIAL STUDIES

The social studies department, composed of such courses as American history, world history, world geography, American government and international relations, and psychology and sociology is conducted in a manner that acquaints its students with the world around them. Through such activities as the Seminar for International Affairs, the United Nations Day, and through the help of guest speakers, students get a first-hand view of the beliefs, customs, and problems of other nations, and how they, as individuals, and as Americans, will some day be able to be of service to their country and to the world.

### Quiet, Please!

The Waggener High School library, which contains over 13,300 books, supplies students with reference material needed for research while it furnishes sources of reading enjoyment in almost every field of interest. In order to aid the 800-900 students which use the library daily, the staff of four professionally trained librarians enlists the help of thirty-four student assistants. In the past year, besides having acquired eight hundred new books and several stacks of library shelving, the library has been donated money and time by the P.T.A. which monthly sends five parent-helpers to aid the regular librarians. Returning once again this year is the Careers' Corner, a file of vocational guidance material which is of great help to students preparing for college.

### "Seniors Proud and Loyal . . .

As the seniors of 1963 move ahead, we take an introspective look at our past history and accomplishments that have meant so much to us as a class.

With the coming of Waggener's first Senior Class in 1959, we too moved up—to the rank of freshmen in high school. Led by President Sidney Morris, Vice-President Warner Maxwell, Secretary Buddy Trent, and Treasurer Bill Kitchen, we bewildered freshmen took a long step down the road toward class unity. Nancy Morris, Barbara Keeling, and Martha May represented our class on the J.V. cheering squad, and Mr. Earl Duncan replaced Mr. John Lowe in the capacity of principal of Waggener

High School that year.

Our sophomore year found Bruce Smith as president, Pat Morgan as vice-president. Buddy Trent as secretary, and Tommy Jones as treasurer. Dona Giannini was added to the previous roster of cheerleaders who encouraged our J.V. Wildcats on to Victory.

The year 1961 saw us eagerly awaiting our junior year with hopes of raising enough money for our graduation activities. We began working in earnest to achieve this goal, under the leadership of Bruce Smith as president, Harry Geisberg as vice-president, Kristin Hansen as secretary, and Dona Giannini as treasurer. soc-hops and dances added to our expanding treasury, as well as the highly successful Junior-Senior Girls' football game. Who will ever forget those long hours of practice only to suffer defeat at the hands of the seniors? Chicago will never forget the Class of '63, because of the weekend the chemistry classes invaded the Conrad Hilton Hotel and wore out their shoes seeing the sights.

Outside activities began to play a large role in our lives that year, with such organizations as the National Honor Society, Beta Club, Quill and Scroll, and Thespians taking a great many members from our class. We were exposed to large-scale exam-taking for the first time in the forms of College Boards and National Merit Tests. Varsity athletic competition included two on the All-County Football Team. Nancy Morris, Perri Kaplan, and Marilyn Curtis became full-fledged members of the varsity cheering squad, backing our Wildcats to numerous victories.

The presentation of our senior rings at an impressive ring ceremony constituted the highlight of our rewarding junior year, and with them we spent a busy summer preparing for our activities as seniors and leaders of the school.

We will never forget the presentation of our senior rings.

#### Class of '63 Song

We, the Class of '63, Dedicate our song To the joys and memories That remain so long. We will always be as One, And when it's time to part, Friendship, spirit, work, and fun, Will linger in our hearts.

We will sadly leave our school— Each his part to play.

Spirit of the wildcat will
Lead us on our way.

At this time dear Waggener High
We raise our voice to thee.

Seniors proud and loyal,
The Class of '63.

Our final year at Waggener saw Harry Geisberg heading our class as president, supported by Pat Morgan as vice-president, Kristin Hansen as secretary, and Dona Giannini as treasurer. We were highly honored to have as a member of our class Waggener's first foreign exchange student, brought to us through the fine efforts of the Student Council. Masako Sato of Sapporo, Japan, brought many new experiences to us, and we shared ours with her. Her presence established at Waggener a new and hopefully continued tradition of exchanging students of the world with our own, for the sake of better international understanding.

Through the untiring efforts of the executive board and class officers under the fine sponsorship of Mrs. Guess, we produced many plans for our senior play, vaudeville, and graduation activities. The most financially successful senior play ever presented at Waggener, The Night of January 16th, brought countless honors on the two casts of the play and added greatly to our treasury. The vaudeville, too, increased the till of the Class of '63.

Nancy Morris led our varsity cheerleaders as captain, and she was supported by Marilyn Curtis and Carolgene Wise from our class.

We found that the task of applying to colleges was no easy one, and we were kept busy by the additional work of completing numerous questionnaires, filling out application blanks, and composing those all-important essays to our chosen colleges. We were honored to have seventeen members of our class selected as National Merit finalists.

Having looked back, we now eagerly anticipate the events that the vast future holds in store for us. After our long-awaited graduation from Waggener, we will all proceed our own individual ways toward fulfilling the goals and ambitions instilled in us by the instruction and companionships that we have acquired throughout our high school days. Memories of the senior play, College Board frustrations, gala parties, football and basketball games, the senior battle cry, class picnics, and our senior rings will forever remain with us as we go forth into today's challenging world. With fond hopes for the future and even fonder remembrances of the past, we leave the halls of Waggener, knowing that we will never forget her and she will never forget us-"Seniors proud and loyal, the Class of '63."

## Mr. Baxter Directs New Jr. High

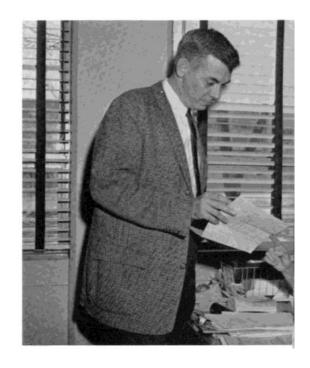

One of the new developments of the current year was Waggener's 2-4 program, a plan, experimental in nature, by which junior and senior high schools have been separated in administration and in classroom space used, the main sections of each being divided by almost the entire length of the building. Because this plan is previously untried in the history of Kentucky education, and because there are only two subscribing schools in the Jefferson County system, it was necessary to handle the program with extreme care. To head the administration of this difficult job is Mr. Sidney Baxter, assistant principal in charge of the junior high school, assisted by Mrs. Docktor, his secretary, and the counselors, Mrs. Hays and Mr. Driskill.

Efficiency in the Junior High office is due to Mrs. Dockter's efforts.

Mr. Baxter chats with a student about the new 2-4 program at Waggener.

### Students Learn Basic Skills for Scientific Future

#### J.H. SCIENCE

In the Junior High School science department young students are taught something of all the natural and physical sciences which they must know in order to progress to specialized scientific training. For such units as geology, astronomy, physiology, and chemistry, there are projects prepared by the students so that the subject can be illustrated to them in its practical application. Sciences in the Junior High are presented as an interesting introduction to the fields of scientific study that are later offered.

The double core program, begun in the seventh and eighth grades, is designed to acquaint the junior high school student with a large school such as Waggener and to minimize his insecurity and confusion. In addition to Miss Wells, the chairman of the eighth grade core program, and Mrs. Love, the chairman of seventh grade core, there are seven teachers in each level who have classes individually. During the two and one half hour period, the instructors attempt to meet the students' needs in the fields of social studies, language arts, and health science.

Decimals are a vital part of every eighth grader's math.

Mathematics instruction in the junior high school is designed to give the student a liberal basis for later specialized math training. Most classes, including the eighth grade TV class, are concerned with simple arithmetic interspersed with some algebra and geometry. The advanced classes progress rapidly through the normal material while adding to the curriculum some trigonometry, more algebra, and additional geometry. In Waggener's math department, seventh and eighth graders receive a sound foundation in the subjects which are necessary to any future enjoyment of mathematics.

## Junior Student Council

Now in its third year, the Junior Student Council is a student governing body of the junior high. Made up of twenty-eight members, it is responsible for several activities throughout the school year. They have sponsored a tea for the faculty and the presidents of the various core rooms, food and monetary donations for five needy families, decorated several bulletin boards in the cafeteria at Christmas, and will sponsor a junior high dance. Although a relatively young organization, it has done much to instill a pride of self-government in the seventh and eighth grades and has aided them in playing a more prominent part in Waggener life.

JUNIOR STUDENT COUNCIL OFFICERS: Sherry Scott, vice-president; Bobby Westwood, president; Art Lander, treasurer; Judy Morgan, secretary.

JUNIOR BETA CLUB OFFICERS: Beth Boston, vice-president; Cynthia Clarke, president; Cynthia Huffman, secretary; Gwen Miles, treasurer.

The Junior High School Beta Club is an experiment in the field of scholastic honor organizations. The club consists of thirty-six eighth graders each of whom must maintain a grade average of not less than B, with A's in mathematics and English. Although no service is required for entrance, members participate in several school projects such as the maintenance of a bulletin board and the publication of a calendar of school events for the junior high. The work of the Junior Beta Club is beneficial not only from the standpoint of the individual student but, also, as a lesson and an incentive for the entire junior high school in the conduct of academic and personal lives.

### Junior Science Club

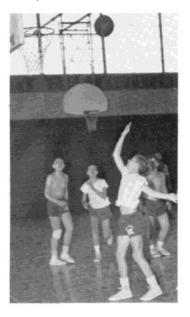

7th and 8th grade girls keep up with Kennedy's physical fitness program.

Mr. Watkins referees 7th and 8th grade intramurals.

Kerry Thomas follows in the footsteps of his brother.

The intramural basketball teams promote good sportsmanship and give necessary practice to seventh and eighth graders who may later possess the ability to try out for the J-V's and eventually the varsity. Approximately sixty boys participate in this program from twenty-seven homerooms and are under the leadership of Mr. Watkins. Six clubs or teams have been formed. They are the Falcons, Trojans, Cougars, Kittens, Corvettes, and Stingrays; and a playoff for first place in the first round robin was between the Corvettes and Stingrays, and the second playoff was held between the Kittens and the Corvettes.

The girls are not to be left out as they too have intramural teams. The thirty-five girls under the sponsorship of Miss Peterson meet regularly on Saturday afternoon. With an intramural council consisting of Mr. Baxter, Miss Peterson, and Mr. Watkins, a program of physical fitness and the improvation of skills and abilities can be found mingled with enjoyment and relaxation.

### Intramurals Encourage Young Athletes

Basketball is an important part of the 7th and 8th grade intramurals.
