## Waggener High School History & Photos, 1964, 1st. Edition

This is one of many sections that contain information, photos, newspaper articles, internet items, etc. of the St. Matthews area and especially of Waggener High School. Many of the items came from Al Ring's personal collections but many people have helped and I have tried to give credit where I can.

The purpose of this "collection" was to create the history of Waggener and the students and teachers who were there during my time. Being retired I now have time to do many of the things I have always wanted, this project is just one of them. The collection is continuing today, so if you should have old or new information on the St. Matthews area from 1950 to 1962 or Waggener High, please contact Al Ring.

All graphics have been improved to make the resolution as good as possible, but the reader should remember that many came from copies of old newspaper articles and photos. Credit to the source of the photos, etc. is provided whenever it was available. We realize that many items are not identified and regret that we weren't able to provide this information. As far as the newspaper articles that are not identified, 99% of them would have to be from one of three possible sources. *The Courier-Journal*, *The Louisville Times* or one of the *Voice* publications. Books that we have used for some information include, *Randy*, *Cactus*, *Uncle, Ed and the Golden age of Louisville Television*, *Waggener High School Alumni Directory 1996*, *Waggener Traditional High School Alumni Directory 2007*, *Memories of Fontaine Ferry Park*, *St. Matthews The Crossroads of Beargrass* by Samuel W. Please use this information as a reference tool only. If the reader uses any of the information for any purpose other than a reference tool, they should get permission from the source.

# Local student heads youth movement for Senator Goldwater

A state-wide movement among youth to promote Senator Barry Goldwater's candidacy for the Republican nomination has begun, with a major force of the organization here in St. Matthews.

John G. Treitz, Jr., 5210 Tomahawk Rd., a senior at Waggener High School, this week announced that he is executive chairman of the movement, which he says has some 200 members.

He said other executive committee members and district chairmen are yet to be announced.

The organization sent a telegram to Senator Goldwater last Thursday urging him to announce his candidacy, which Goldwater did.

Treitz said his organization intends to initiate an "enthusiastic and aggressive campaign" over the Commonweath.

John G. Treitz, Jr.

Harold C. Lucas, a business executive, is the group's advisor. The group plans to share offices with another Goldwater organization in the Speed Building. The organization also is receiving mail at Post Office Box 7444, Louisville 7.

Treitz said that only a small organization of Goldwater supporters among youth is setup across the state, he added that an "intensive" drive for new members will be conducted soon.

Among other activities his group plans are a newsletter on chapter activities, a rally in the summer just before the Republican National Convention and booths at county fairs to hand out Goldwater literature.

There will be speaking tours by youths, opinion polls to determine choices for president and vice president.

Treitz said the poll will be taken from all sections of the county and from economic and racial stratas.

Treitz said their two main reasons for conducting the poll: (1) Determine the areas of strength of Goldwater, and (2) perform a public service by showing what the people think of current political issues.

He said an executive board with 20 members from each Congressional District will be set up. A chairman will head the representatives to coordinate district activities.

Treitz said the movement among youth for Goldwater began several weeks ago, primarily here in St. Matthews by him and about 20 other youths who felt that Goldwater best represented their political philosophy.

Last fall the organization sponsored a booth at the State Fair and collected over 2,500 signatures on a petition asking Goldwater to seek the nomination, Treitz said.

# Waggener Honor Roll announced

Three one-act plays have been extensively chosen by Waggener heptians for production in February. One of these plays will be taken to the Regional Drama Contest with hopes of going on to competition in Lexington and the state Drama Festival. The three plays are "The Still Alarm", "Hughie", and "The Apollo of Solon."

Tryouts will be held Jan. 7 and 8 and are open to all students interested in drama.

# Betty Gliessner crowned Waggener Homecoming Queen

By Jan Heckenkamp

Senior Betty Gliessner was crowned Homecoming Queen at Waggener's second annual homecoming dance held Dec. 28 in the school gym following the East Jefferson County Invitational Tournament at the Fairgrounds. Her escort for the dance was John Koon.

Other members of the court and their escorts were Kitty Stem, Dennis Williamson; Ginger Saunders, David Pearlman; Susie French, Hume Morris; and Deanna McClearen, Pete Love.

The student council sponsored the dance. The senior class conducted the elections, the junior class took care of decorations and chaperones, the National Honor Society and Beta Club sent invitations to the alumnae and the Pep Club publicized activities with the aid of the Key Club.

American History classes of Mrs. Elizabeth Lapsley's first, third and sixth periods heard addresses on the Bill of Rights delivered by Jonathan Kesselman recently.

The lectures focused on the tradition of English constitutional law inherited by colonial America. Hence, the American Revolution was depicted as a move to regain long established rights of Englishmen. The speaker pointed out Bill of Rights features to be found in medieval England.

Jonathan attended a Bill of Rights Seminar sponsored by Telluride Association at Princeton University last summer.

Waggener has two varsity debate teams among the 32 in the Louisville League. One team is composed of affirmative, Joe Baine and Bob Hammond; negative, Terry Parsons and Jay White. The affirmative has compiled a one win, one loss record, and the negative has a

two loss record thus far this season.

The other varsity team has a winning record. The affirmative with Ann Marshall and Jonathan Kesselman has amassed wins. John Todd and John Treitz as members of the negative have a record of one and one. Penny Ortnor and Penn Clower serve as alternates for the varsity teams.

A junior varsity has been organized and had its first debate Dec. 18.

The 1963-64 season began Nov. 6 and will continue until April 16. Regular debates are held each Wednesday with special tournaments sponsored by individual schools throughout the season. The culmination will be the state championship at University of Kentucky. Last year Waggener won second place in the state match.

Four of Waggener's debaters participated in a two-week debate seminar at U. of K. last summer. They were Ann Marshall, Jay White, John Todd and John Treitz.

# Waggener students sell bread for March of Dimes

By Jan Heckenkamp

To raise money for the March of Dimes' fight against birth defects, fifty Waggener students, led by chairman Larry Ethridge and co-chairman Jim Talbot, will participate in a bread sale on Jan. 26, from 2 to 5 p.m.

This sale is a project of the Jefferson County Teenage Division of the March of Dimes which was organized by the National Foundation. Jane Violette, an Eastern senior, is chairman of the entire county program and Ben Boone of Waggener is co-chairman. Advisers for the group are Mr. and Mrs. John Gray.

Waggener Beta Club members who volunteer to work on the sale will be organized into 10 teams that will canvass an area extending from Shelbyville Road to Taylorsville Road.

The volunteers will present all those whom they visit with a loaf of bread furnished by Linker Bread Co. There will be no cost for the bread, but each person who receives a loaf will be asked to make a donation to fight birth defects and crippling of arthritis.

Mr. John Dickey, the American history TV teacher, was presented a plaque on Dec. 6 in memory of his late son John B. Dickey, Jr., Tommy Stigger, a junior class executive board member, made the presentation.

The second period TV American history class, led by Mr. Vernon O' Dell, took up contributions used for purchasing the plaque. Mr. Dickey's son was an honor student and an outstanding football player at Valley High School.

Mr. John Ramsey, assistant county superintendent of schools, was guest speaker at the Awards Day ceremonies Dec. 19 to honor outstanding performances by boys on the football and cross-country teams.

The master of ceremonies, athletic director Morris Chilton, introduced Head Football Coach Marty Dets, who then gave out letters to the players, and jackets or sweaters to returning senior lettermen.

Mike Rodgers received honors as best lineman

and All-State recognition. Gary McGaughey was awarded recognition as best back and also All-State honorable mention. Ben Boone was awarded a trophy for high scorer in the county, and Larry Ethridge received the award emblematic of hard work, the gold brick.

Wildcat co-captains Butch Riley and Mike Rodgers accepted then the Jefferson County Athletic Conference trophy, showing that the griddera finished first in the county. Riley and Rodgers have lettered four years in varsity competition.

Mr. Chilton introduced Cross-country Coach Ed Mondheimer, who presented awards to the thinlles. Outstanding recognition went to Skip Poole, who this year finished first in the county, and second in both the state and region.

### Siler speaks to Waggener Co-ed 'Y' Club

Mahan Siler, Jr., associate pastor at Crescent Hill Baptist Church, spoke to the Waggener Senior High Co-ed "Y" Club regarding religious and social life in Russia. The group saw several slides and was able to ask questions.

This lecture is the third in a four part series on communism being presented by the Club. Ben Hall, professor at the University of Louisville, was the initial speaker for the current series. Mr. Hall traced the evolution of communal living through history to the type of communism developed by Karl Marx. Mr. Richard Oldham, attorney, delivered the second lecture on the Internal Subversive Threat of Communism.

The club meets Monday evenings on an every-other-week basis with the exception of next week when John P. Callaghan, FBI Agent, will speak Monday evening regarding the History, Philosophy and selection of FBI personnel.

## Double sessions seen for Westport, Eastern, Waggener in clear

In the elementary system in the East end, some school boundaries will be changed to avoid double sessions. Sixty-five children will be moved from Wilder to Chenoweth and an equal number from Chenoweth to Stivers.

About 17,000 students of an anticipated enrollment of 67,000, will be involved in double sessions next year. About 63,000 are attending county schools this year.

Mr. Van Hoose said that more than 160 classrooms are needed to avoid double sessions--and there were funds available.

He said, however, that classrooms could be built in time at Westport, among others, but added that the Board would have to know sometime in March whether funds were available if new construction were to get underway in time for next fall.

He said that in event funds were made available by a referendum in May, which he said probably will be held, will still be too late to relieve the housing problem by next fall.

In all, there will be 15 schools on double sessions next year compared to four this year.

He said the Board is hoping for additional funds from this session of the General Assembly but saw little prospect that enough will be provided to avoid getting additional money from the local level.

Asked about an occupational tax, Mr. Van Hoose said that one-half of one percent levy would be sufficient for present needs. He didn't say what method of additional taxes would be sought if another referendum is held.

As to accreditation, he said double sessions will not affect the schools' standing, for the Board regards the extra sessions as additional schools.

He said the Board and staff preferred double sessions rather than lowering academic standards, even though double sessions would discommodate families.

He viewed double sessions as temporary in that they hoped to eventually "work ourselves" out of this (problem).

Double sessions are in prospect next year for Westport High School where an estimated 500 students are expected beyond the school's capacity.

This was revealed Tuesday morning in a press conference by Supt. Richard Van Hoose in which he outlined the school system's housing needs for next year.

Eastern and Waggener High Schools are in "no immediate difficulty" as far as double sessions are concerned, but Seneca, the only other county high school in this area, apparently will avoid double sessions only by using rooms at Goldsmith Elementary School.

Seneca's enrollment is expected to be some 200 to 300 students over its capacity.

Worse hit, housingwise, are schools in the county's south and southwest sections, where

there will be an increase of double sessions.

Mr. Van Hoose said that at least 20 additional classrooms are needed at Westport to care for the overflow, and that, in absence of additional revenue, double sessions "seem to be the only answer" there.

Fifteen additional rooms were added to the newly constructed school and put in use last fall. The school's original capacity was about 1,000 students.

As to Eastern and Waggener, Assistant Supt. John Ramsey said Eastern, with an enrollment of 1,800 this year, could take about 2,000 students and Waggener, where the enrollment is 2,400, could take about 2,500 to 2,600 before double sessions were necessary.

He added, however, that in order to care for such increases it would be necessary to "make use" of parts of the two school buildings differently than what they were planned for, such as using conference rooms for classrooms.

In the elementary system in the East end, some school boundaries will be changed to avoid double sessions. Sixty-five children will be moved from Wilder to Chenoweth and an equal number from Chenoweth to Stivers.

# Vandals hit two schools

Youths caused slight damages to Waggener High School and St. Matthews Elementary School last Sunday.

They entered by breaking windows--one at Waggener and two at the elementary.

\*Principal Earl Duncan at Waggener said the youths caused more trouble than damage there, by throwing sugar and flour on the floor in the home ec room.

John Norton, principal at St. Matthews Elementary, said the loss of two windows and two fish, left on the floor, from the school's fish tank were the only damages there.

The youths entered the buildings through the broken windows.

# Waggener students find page work trying at times

By Jan Heckenkemp

Waggener freshmen, Reggie Frantz and Brad Breeland, worked for the government this fall as pages in the U. S. House of Representatives.

In order to become a congressional page, a boy must receive an appointment from a congressman who is a member of the majority party and has served six terms.

Representatives Frank Karsten of St. Louis, and John Kluczynski of Chicago, chose Frantz and Breeland as pages in which saw the workings of the congressional system at work.

Brad Breeland said, "The work itself is primarily running errands for the floor and the congressional offices which phone the page desk on the House floor."

Both boys agree, however, that page work is far from mundane. In addition to his duties, Reggie Frantz met Representative Gene Snyder and Senator Barry Goldwater and shook hands with President Johnson.

Both Reggie and Brad held the doors of the House Chamber for the joint session of Congress after the death of President Kennedy, and this gave them a close look many world dignitaries.

Unfortunately, a page's life is not all politics, and Reggie and Brad had

to attend pages' school every morning from 6:30 to 9:45. Of the school hours, Reggie says,

"I didn't like getting up that early, but I got accustomed to it."

He and Brad feel that the pages' school does a good job of teaching the boys, although most of the pages are there only temporarily. Brad enrolled in the school from Oct. 21 to Dec. 20; Reggie from Nov. 18 to Dec. 23.

To raise money for "Operation Amigo", the Spanish club had a cake sale.

"Operation Amigo" is a project of the Spanish clubs of Jefferson County which will bring a group of 25 students from Quito, Ecuador to Louisville Feb. 17 for two weeks.

The students will visit the schools in this area and will stay with families. They will also be taken on tours of Kentucky.

Having already produced three one-act plays, the newly organized Junior High Dramatics Club, under the direction of Miss Irene Durham, looks forward to a successful first year.

The organization, is headed by three officers: Karen Kreuger, president; Susan Nichols, secretary; and Bill Kason, treasurer.

Twenty charter members form the core of this organization. They meet on the second Monday of each month. Working with Miss Durham, members have already presented two of their three one-act productions to other Core classes. The three plays which the members have enacted are: The Christmas Tablecloth; Tid for Tad; and Little Women.

Plans for the spring include completion of three more one-acts and the formation of costume, make-up, scenery, and staging committees.

## Waggener students have new system for parking lot use

By Jan Heckenkamp

Because of the responsibility that Waggener owes its students, a system has been devised and put into effect to protect and control the use of the parking lot.

After checking with various schools and colleges, it was decided to sell registered decals in the driver's name to those (including teachers) who must use the parking facilities anytime during the year.

The red and gray Wildcat decals are to be attached on the inside right front window for easy recognition.

### Art class sketches early drawings

The Renaissance has come to life in Miss Pat Merkle's third period Art Appreciation class. By constructing copies of early Christian, Romanesque, and Gothic cathedrals, the art students were able to show the architecture of the period in skeletal as well as finished form.

The architectural project was their first practical application. Sandra Haggard, Jane Ranadell, Carol Guth, and Conrad

Downey were cited by Miss Merkle as having exceptional projects.

The course covers the major periods of art from prehistoric cave drawings to contemporary works and concentrates on the arts of sculpture, painting and architecture.

plan for their high school courses and later vocations.

Mrs. Hazel Hays and John Holloman, guidance counselors, will work with the program through meetings with the core classes.

The counselors will help each student make a tentative schedule for his high school years. The student will submit his freshman schedule to teachers and parents for approval.

Each core class is handling the program differently. Mrs. Lykins' 8C and 8D are reading occupational briefs and preparing interviews.

Miss Durham's 8K and 8L are working with filmstrips and library materials on jobs. The SRA vocational kits and filmstrips are the tools of Mrs. Fredenburg's 8A and 8B classes.

Mrs. Hays plans to invite the parents to school in groups to explain the scheduling program further.

## Waggener to host Youth Speaks on civil rights Sat.

Waggener High School will be host to its 12th annual Youth Speaks workshop to which about 700 are expected to attend this Saturday.

The topic will be "America's Unfinished Task; Civil Rights." The day-long workshop will feature speakers of national prominence.

Leslie Dunbar, executive director of the Southern Regional Council, of Atlanta, Ga., will address the assembly. He specializes in the employment aspect of civil rights problems.

Dr. G. Franklin Edwards, professor of so-

cology at Howard University, Washington, D.C., will also speak. He is on the President's Committee on Juvenile Delinquency and Crime.

Some 600 youth delegates from 37 public, private and parochial schools in Jefferson County are expected to attend. About 70 consultants and observers, including school and city officials, are invited to attend.

"Operation Amigo" will send its 25 Ecuadorian students to the workshop also. Waggener's American Field Service Exchange student from Norway, Liv Maesel, will attend as an honorary member of Youth Speaks.

Student delegates will divide into groups of 16 for an "informal exchange of views." A student will coordinate each discussion, with an adult available for consultation. Also members of the Louisville Commission on Human Relations will be on hand for advice.

Discussions will follow generally four phases: Education, employment, housing and public accommodations. Delegates will also consider both the legal and socio-economic barriers to civil rights in each field.

Following lunch in the school's cafeteria, the delegates will assemble in the auditorium to question speakers on viewpoints raised in the various meetings.

An evaluation of the day's events will conclude the workshop.

Miss Mary Lou Carpenter is the workshop's sponsor, and she is assisted by Jonathan Keaselman and Debbie Huffman who are also on the student board of directors.

## Waggener seniors start annual show

By Charlie Rosenbaum

Doug Deatz has been chosen to direct the 1964 Senior Class Vaudeville which is tentively scheduled for March 25-26.

Doug will be assisted by a large staff that will include Carolyn Huber, assistant director; Bryan Harrison, skit director; Charlie Rosenbaum, artistic director; Keith Spring, musical director; Carolyn Korb and Jan Wallingford, choreographers; Troy Bybee, stage manager; Dave Bybee, business manager; and Alice Almond, committee co-ordinator.

Tryouts were held Monday and Wednesday, Feb. 10 and 12, and rehearsals began Monday evening, Feb. 17.

The name for this year's vaudeville will not be decided until the acts are co-ordinated, the directors said.

Mrs. Beatrice Hoblitzell and Mrs. Grace Evans are the vaudeville sponsors.

Committee chairmen have been appointed and anyone who wishes to do committee work should see the chairman of that committee on which he wants to work.

## Waggener variety show

By Jan Heckenkamp

Hoping to raise money to take care of a foster child from a foreign country, the junior high student council will sponsor a variety show, April 3, at 8 p.m. in the school gym.

To participate in this new project, the council must send \$10 a month for at least one year to the Christian Children's Fund, an international missionary association. This money will help feed, clothe, house, and educate the foreign child, a small Japanese boy.

"We hope the variety show will get us enough money to support the boy for at least the one year," commented Mrs. May Barnett, student council sponsor.

"Music Through the Ages" will be the theme of the money-making show. Featuring songs, dances, and comedy skits, the acts will range from

the 1920's, through the Rock 'n Roll age, to the present day rage of the Beatles. Miss Diane Davis and Miss Ellen Bryant, are sponsors.

Tickets will cost \$1 for adults and 50 cents for students.

The junior class has decided to purchase the senior rings from Balfour Company again this year.

Although the design of the senior ring will remain unchanged, a new touch has been added. This year boys will be able to order "university size" rings. They will be larger than the present boys rings.

The Juniors now have a total of \$1,390.62 in their treasury. Their activities have included two soc-hops, a magazine sale, and the "Hi-Fi" dance.

Future class soc-hops are planned for March, and the annual Sadie Hawkins Dance is planned for April.

## Student's essay wins top prize

A Waggener High School junior has won first place in a national essay contest sponsored by the American Humanist Association of Yellow Springs, O.

He is John Todd, 16, son of Mr. and Mrs. Rucker Todd, 412 Club Ln. John's essay--"Let's Stop Thinking About Freedom of Thought"--has won him a total of \$275--\$250 from the national contest and \$25 from the organization's local chapter.

John Todd

The article is to be published in Humanist magazine which will be circulated throughout the United States and Canada.

John began his essay by noting that Socrates drank hemlock because he dared to question human knowledge and that Christ was nailed to the cross for preaching radical doctrines.

"Two thousand years after Socrates' execution government and society will suppress men who think," John leads off his second paragraph and supports his statement by noting such was the case in Hitler's Germany and Stalin's Russia.

At another point, John wrote, "A man afraid to think will leave himself and the world as he found them. A man afraid to express his thoughts may improve himself but will contribute nothing to the world's political, economic, social, or cultural development. The suppression of thoughts stops human progress."

A few sentences later, John said, "The advantage of free thought, on the other hand, far outweighs any temporary difficulty that it may create. Men will use their minds to their full potential only when they know that they will not be punished for it. When men do use their minds, they can look at the world and analyze it. They can form ideas of how to improve it and test these ideas by open discussion."

In closing his essay, John, noting what simple freedom of opinion can accomplish, wrote:

"We shall witness a rapid improvement in our government, social, and economic institutions. Philosophy and culture will enjoy a rebirth of originality when each man can create what he feels

is beautiful whether it is conventional or not.

"Only after the last remnants of suppression are purged from society can man's knowledge of himself and his fellows ever catch up with his knowledge of physical science."

## Waggener grad on tour with singers

David Stutzenberger, son of Mr. and Mrs. J. W. Stutzenberger of 116 Arterburn Rd., will leave Nashville March 16 for a 12-week goodwill tour of the Far East as a member of the Peabody Madrigallians, select singing group from George Peabody College for Teachers, Nashville, Tenn.

The Madrigallians are one of six college groups chosen by the U. S. Department of State to appear abroad this year under its Cultural Presentations Program.

A 1961 graduate of Waggener High School, Stutzenberger is a junior at Peabody where he is majoring in music education.

He is a member of the Joint Universities Band and the Peabody Wind Ensemble, Jazz Ensemble and Choir. He is treasurer of Phi Mu Alpha, International honorary music fraternity, and will be the student assistant conductor of the Vanderbilt Marching Band next year.

# Waggener Seniors plan vaudeville March 24-25

By Jan Heckenkamp

"The Start of Something Big," this year's senior vaudeville, is scheduled for March 24-25, in the Waggener gym.

Committee chairmen for vaudeville activities include: make-up, Carol Chilton; scenery, Kitty Stem; tickets, Dave Pearlman and Ellis Sea; costumes, Betty K. Siemens; programs, Martha Thorn; ushers, Billie Kay Gillette; properties, Carolyn Thome; publicity, Larry Kelly, and clean-up, Tom Evans.

A sneak preview of the acts reveals "Teenus Codeus," a look at the solution of Roman problems by the formation of a teen code, and the wildest late movie the school has ever seen.

Musical numbers will include songs by Buddy Edwards, Troy Bybee, and Janie Moss, and dances by Susie French, Bev Morris, Lynell McCannon and Barbara Bramble.

The Senior Class has given the vaudeville committee \$350,000 with which to make stage improvements. The permanent improvements include new spotlights, new border lights, and a control platform, which will be built above the stage.

Acting as director, Doug Deatz, assisted by Carolyn Huber, assistant director; Bryan Harrison, skit director; Charlie Rosenbaum, artistic director; Keith Spring, musical director; Carolyn Korb and Jan Wallingford, choreographers; Troy Bybee, stage manager; Dave Pearlman, business manager; and Alice Almond, coordinator.

Mrs. Beatrice Cobitzell, Mrs. Grace Evans, and Mrs. Janice Spear are this year's vaudeville sponsors. Admission is \$1.

# Waggener newspaper voted outstanding

by Jan Heckenkamp

Waggener High School's newspaper, the Chit-Chat, was unanimously voted one of Kentucky's three outstanding high school papers at a press clinic on the UK campus March 13. Sigma Delta Chi, an honorary journalism fraternity, selected the winners from entries of 4 schools.

About 600 students attended the clinic and visited sessions concerned with improvements in high school journalism. Each paper was evaluated separately, and the Chit-Chat was cited for notable writing on the editorial page by Miss Karol Menzie, editor, and good sports coverage.

In New York City, the International Graphic Arts Education Association awarded the Chit-Chat recognition for typographical excellence. This award was given to 61 college and high school newspapers from across the nation, selected from the five to six thousand entries.

The newly organized Greater Louisville High School Press Association, at a banquet March 20, presented certificates to the most valuable staff members of the 34 newspapers in this area.

Miss Suzanne Edinger, managing editor of the Chit-Chat, received one of these awards in which the Courier-Journal, the Louisville Times, WAVE, and WHAS TV commended her for outstanding contributions to her paper.

the expenses incurred are paid for by the National Science Foundation.

Of his resignation as head football coach, Marty Deim said he leaves with "mixed emotions. . . but that opportunity only knocks once."

Coach Deim, who has piloted the gridder the past five years, is reported to have taken a position with a business firm.

He said that of the years he has coached, he enjoyed the past season the most, especially because of a win over Seneca. Of coaching, he says it is a "wonderful profession. . . but it's a young man's game. . ." He believes Waggener has a bright future in football but that next year will be a rebuilding year.

With its Biology II course, Waggener's science department has embarked on an experimental science program in connection with a national plan.

George Dawson, who teaches the subject, participated in a preparatory instruction course during the summer with 68 other teachers at Boulder, Colo.

The main goal of the program is to develop independent study and research ability among college-bound high school students with a definite aptitude in science.

Approximately, 90 per cent of all class time is spent in the laboratory. Some of the subject matter taught here is on the same level as that taught in college graduate courses.

Next year, if the program is continued at Waggener, 15 to 20 students will be chosen to complete the final year of experimentation. At the end of this period, all notes and suggestions that have been sent in by the teachers will be evaluated, and a new, refined text book will be published for use in a regular program in all schools.

There are only six other schools east of the Mississippi in which this experimental course is taught, the nearest being in Chicago.

Several years ago, the American Institute of Biological Scientists, determined to raise the standards of high school biology, began this new program. Today most of

**Heart defect fatal to Waggener student**

Doris Lynn Hallinger, a Waggener High School junior, died last Friday night after open-heart surgery at a Houston hospital.

She was the daughter of Mr. and Mrs. Howard Hallinger, 4300 Alton Rd. She was 16.

She had had a heart defect since birth and had a heart operation which rerouted her blood circulation at Kentucky Baptist Hospital when she was nine months old. Her heart was on the right side.

Miss Hallinger during her first two years at Waggener had kept up with her work until this year. Her condition worsened

during the past six months.

She attended special-education classes for the handicapped during her first six years of school.

She attended regular seventh and eighth grade classes at Barrett Junior High School.

The funeral was at 2 p.m. Tuesday at the Chapel of Crescent Hill Baptist Church where she was an active member. Burial was in Resthaven Memorial Park.

Members of her home economics class at Waggener attended the funeral and the junior class made a contribution in her name to the Heart Fund.

**Pamela Ferguson to get Masters degree in Chemistry**

Miss Pamela G. Ferguson, member of Waggener's first graduating Class, daughter of Mr. and Mrs. Roy Ferguson, 119 N. Hubbard Ln., is a candidate for a Masters degree in Chemistry at the University of Louisville.

Pamela entered Graduate School in the Fall of 1963 and received her Bachelor of Science degree in January. She currently is an assistant teacher and is doing her graduate research on a National Science Foundation Grant under Dr. Kevin T. Potts.

Pamela did undergraduate research on the National Science Foundation program in 1962 and is now a member of the American Chemical Society.

**Waggener to elect student council**

Campaign speeches at Waggener will climax the annual student council elections April 16, as candidates offer their platform and qualifications to assembled students.

Nominees are: president, Becky Sprowles, Brian Casey; vice president, Bill Markoff, Jan Dawson; secretary, Carol Hargon, Carol Williams; treasurer, Tom Stigger and Steve Neel. Steve Johnson was nominated for treasurer from the floor.

The traditional week of campaigning will take place next week. The candidates will line the halls with posters, pass out tags and buttons, and solicit votes verbally.

After the assembly program Thursday morning candidates will have a day of electioneering. Voting will take place by English classes all day Friday. Waggener will again have voting machines for the elections.

**Guest speaker**

Waggener's chemistry classes were given an extra treat when Dr. James Long, professor at U. of L. Speed Scientific School, research chemist, and executive in the paint industry, spoke to them on the widespread use of chemistry today.

**Bazaar set**

St. Mark's Episcopal Church Auxillary will have a bazaar in the form of a French street fair on April 14 at the church, 2822 Frankfort Ave., from 10:30 a.m. to 4 p.m. Luncheon at \$1.25 will be served beginning at 11:30 a.m.

# Waggener Band members to present Spring Concert

By Jan Heckenkamp

One hundred and sixteen people in the Waggener High School band will perform in the annual spring concert, scheduled for May 1 at 7:30 p.m. in the school auditorium. The price of each ticket will be 75 cents.

Both the senior and junior high bands will perform under the direction of Mr. Carl Markert. The senior band will play such renowned pieces as "Finlandia," the "Constellation March," and "Parade of the Charlotteers." "Waves of the Danube" and "Light Cavalry Overture" are two of the numbers to be played by the junior band.

After the senior and junior bands have performed separately, they will join together to play several marches. Among these will be "Burst of Trumpets" and "Wildcats" (of Wisconsin).

Before the concert the band will march in the Derby Parade on April 30. Waggener's 45 piece marching band. Accompanying the band will be a drum major, color guard, and the drill corps. Some numbers to be played are "Fort Gay" and the "Bill Board March."

Becky Sprowles is the newly elected president of next year's Student Council at Waggener High School.

Also elected were Jan Dawson, vice president; Carol Hargan, secretary; Tommy Stigger, treasurer.

For the first time in the Council's seven year history a girl has succeeded in winning the presidency. Also, it is the first group of officers consisting of only one boy and three girls.

The shackles of dogma and tradition will be broken April 24, when Waggener students appear in apparel that has long been forbidden by school authorities. Students can gain the privilege of wearing bermudas or slacks on the student council's Bermuda Day by purchasing a 25 cent ticket Thursday or Friday from his homeroom representative.

Bermuda Day occurs naturally on Sadie Hawkins Day. The Junior Class will present the annual Sadie Hawkins dance the evening of April 24 in the gym. Students should dress in accordance with the theme, and the "Nightcrawlers" will provide the music. Admission will be 75 cents in advance in the homeroom and lunchroom and \$1 at the door.

# Waggener science club gets jackpot of awards

Waggener science students probably are now the talk among state high school science clubs -- after what they did at Lexington last week.

Waggener students walked off with a jackpot of highly coveted prizes in the State High School Science Fair, by bringing home 13 major awards. Eighteen of the 21 students entered won something.

Richard Gott, junior, was up to past performances, as he won first place in the Senior Physical Science Division and the Naval Science Cruise Award, entitling him to a five-day cruise aboard a U. S. Navy vessel, and the Air Force's Nuclear Science Award.

Mike Shane and Hartley Mays, both juniors, won top honors in the Physical Science Club Award competition, and Willie Welch, ninth grader, won the junior division of both Physical and Biological Sciences, and the Air Force's Aero Space Award. He also got a set of encyclopedias.

Larry Goad, who also received a set of books, won third place in the Biological Science Division and second alternate position for the Navy Cruise Award.

Allen Batteau, 12th grader, who also attended as guest of honor of the National Science Talent Search, which he won through a test and a specially prepared paper, won first place in the Physical Science Division.

Allen is the son of Mr. and Mrs. Charles Roy Batteau, 4012 Masale. Willie is the son of Mr. and Mrs. M. C. Welch, 410 Duff Dr. Larry is the son of Mr. and Mrs. J. E. Goad, 67 West Wind Rd. Hartley is the son of Mr. and Mrs. Hartley F. Mays, Jr., 511 Hline Ave., and Mike is the son of Mr. and Mrs. Charles S. Shane, 3424 Warner Ave.

Becoming a winner in science contest isn't anything new to Richard, son of Dr. and Mrs. J. R. Gott, Jr., 136 Indian Hills Trail.

Richard has been named the outstanding astronomer of the National Astronomical League among other awards, and

last summer he attended Rollins College, Fla., through auspices of the National Science Foundation. He won that honor through a test.

Richard can credit his stay at Rollins for part of his success in the State meet last week. While at Rollins he was able to use a computer whereby he worked out his mathematical formulas he used in his project.

His case, however, is typical of most of the winners. Mrs. Gertrude Weller, sponsor of Waggener Science Club which sponsored the trip to the Fair, said all of the students had put in hundreds of hours since last summer and one of the students noted that they had worked on their projects

after school hours for at least three months.

As an example of the time students spent on their projects, it was noted that Willie Welch spent some 20 hours alone just computing a math table.

Mrs. Weller, who noted that the competition was keener this year when about 235 students competed, attributed Waggener's success partly to the fact that most of their projects were original exhibits by which the students applied a different approach to a science theory or problems.

Among other winners from Waggener were Jack Scholl, Carole McFarran, Jacque Ewing, Carole Collins and Betty Gleasney.

Paul Lawrence Culpepper, a junior at Waggener High School, has been selected to attend the U. S. Army sponsored National Junior Science and Humanities Symposium (JSHS) in Washington, D. C., April 22-24. He is one of 140 of the nation's top high school science students to be honored.

Paul, the son of Dr. and

Mrs. Hugo H. Culpepper, 3519 Hillboro Rd., received the all expense-paid trip to attend the National JSHS when his paper, in the field of biology entitled "The Effects of Sleep Deprivation," was adjudged a winner at the Fort Knox Junior Science and Humanities Symposium held at Fort

# Waggener seniors plan year-end activities

By Jan Heckenkamp

Waggener seniors are looking forward to a fine finish of their high school career in April and May.

First on the agenda is a senior class party tonight from 8-11 in the Waggener gym. The party is for seniors only and will consist of skits and a record hop.

The highlight of the year, the Senior Prom, is scheduled for May 15 at the Westport High School gymnasium. Buddy Rogers will provide the music from 9 p.m. to 1 a.m. A breakfast will follow. Masonic Home Auditorium is the scene of the Baccalaureate service at 10:30 a.m. in which Rev. Samuel Diehl will deliver the main address. Also participating in the program are Rabbi Jacob Gittleman and Monsignor Joseph Wheatley.

Class Day is May 21. Outstanding juniors and seniors will receive various awards, and the students will be entertained by skits presented under the direction of Bryan Harrison, Tom Loeb, and Tegy Bybee.

Senior Lealie Mills will play "Pomp and Circumstance" for the graduation march at Commencement May 23 at Freedom Hall. The President of Centre College, Dr. Thomas Spragens, will speak at the exercises.

April 30, 1964

Rev. Hugh Riley will give the invocation.

## Magazine published

Waggener's literary magazine, The Introspect, will be on sale in homerooms this week.

The magazine has increased from the 68 pages of last year to 80 pages, and the art work has tripled.

For the first time, a play, written by Deborah Huffman, and a sonnet sequence, written by Karol Menzie, have been added. In addition, The Introspect is participating in a literary exchange program. A guest feature by the editor of Assumption's literary magazine will appear, and a guest artist from Westport will contribute.

Many of the articles appearing in the magazine were written by the winners of the Quill and Scroll writing contest.

## Banquet held

The Quill and Scroll Society held its Sixth Annual Publications Banquet at University Center Faculty Dining Room on April 28.

President Linda Cornett presided, and Jim Willard introduced the speaker, Mr. Morton Walker, a professor of English at Speed School who spoke on "What To Expect of College."

The staffs of the Chit-chat, Introspect, and Lair and their respective advisers, Mrs. Katherine Kirwan, Mrs. June Perry and Mrs. Janice Spear attended as well as Principal Earl Duncan. The new junior members of Quill and Scroll were inducted and the new senior members, previously inducted were formally initiated.

The new seniors are: Chit-Chat-Betty Baxter, Denise Catron, Carol Chilton, Sally Foley, Bryan Harrison, Ricky Hendricks, Ben Kibler, Sue Kunz, Lealie Mills, and Theri Silvey.

Introspect: John Becher, Sandra Haggard, Carolyn Huber, Sara Page, Susan Shafer, and Gail Stellrecht.

Lair: Paula Graef, Linda McMurtree, Ricky Mitchell, Reed Stillman, Harriet Thompson, and Jim Willard.

# Greg Albright to head Waggener's Lair staff

By Jan Heckenkamp

Greg Albright will head next year's Waggener's Lair staff as editor-in-chief, announced Mrs. Janice Spear, yearbook sponsor. Greg served as academics editor for the '64 Lair. He was responsible for the junior and senior high faculty sections.

The three main positions on the Lair staff are held by previous staff members. In addition to Greg, Vicky Breeland has been appointed the business manager. The managing editor for next year's edition will be Marcia Nightingale.

The present junior staffers chose students to assist them on the '65 Lair. There are 12 new members to be added to the nine returning ones.

The '65 staff includes Jenny Franz and Steve Neel, senior editors; Becky Sprowles, student life editor; Susanne Bennett, academics editor; Brian Casey, sports editor; Joe Riegn, assistant sports editor; Martin Schmit and Judy Koon, organization editors; Carson Crawford, copy editor; and Missy Allen, assistant copy editor.

They are joined by Alan Theobald, subscription

manager; Judy Shapiro, assistant subscription manager; Fred Bryant, advertising manager; Frank Anderson, treasurer; Mike Leathers, assistant treasurer; Dick Bay, art editor; Jim Tomes, photographer; and Tom Jarell, assistant photographer.

## Art displayed

Six Waggener art students are presently exhibiting their works in the annual Jefferson County Art Exhibit at the U. of L. library. The creations represent the activities of Waggener's art department this year.

Jo Armstrong, Susan Bennett, Cindy Clarke, and Sheri Scott fashioned paper sculptures for the exhibit while Julie Breeding and Jean Henderson displayed paintings. The girls used literary and historical characters as subjects for their sculptures.

Senior Chryl Aaron is representing the Women's Club in the State Art Contest with one of her water-colors. Cheryl combined ideas from some of her quick sketches in designing her painting.

General Art 1 and 2 students have also worked together on some group projects this year. They constructed posters for the Volunteer Bureau and organized and created a mural of fictitious and fairy-tale personalities ranging from Dumbo the Flying Elephant to Chicken Little. This mural was given to the Greathouse School Library.

## Musicians perform

"The magic of Music" was the theme of the Junior and Senior High Orchestra's Spring Concert presented April 16 in Waggener's gym. The program, under the direction of Mrs. Eleanor Ritchie, included music by Schubert, Mozart, Bizet, and LeRoy Anderson.

Three of the senior members of the orchestra, Gail Stellrecht, Doug Deatz, and David Bybee, performed solos. Gary McGaughey, Paul Willinger, and Marc Kearns

## Waggener junior wins science fair awards

J. Richard Gott, III, a junior at Waggener High School won three prizes from the 14th National Science Fair-International held two weeks ago in Baltimore. All exhibits at the fair had previously rated prizes in regional or state science fairs.

In July of last year Gott was voted the nation's outstanding junior astronomer by the Astronomical League. His project was "A New Concept In Metallic Crystal Structure." He received one of the 10 first awards given by the Navy, a five-day "Science - oriental" cruise on a naval vessel. His project was ranked second by the American Metals Association. His award from that unit was \$75 and a metal plaque. The chemistry division of the Science fair gave him a fourth place prize of \$25 and a ribbon.

Three finalists were selected by the armed forces to attend the Japan Science Fair later this year. Gott was named by the navy department as an alternate.

Gott, 17, is the son of Dr. and Mrs. J. Richard Gott, Indian Hills Trail. He is national chairman of the junior activities for the Astronomical League, and at the league's suggestion wrote a manual for junior astronomers.

At Waggener he is president of the Chemistry Club and the Chess Club and is a member of the National Honor Society.

## Miss Borie elected to honor group

Miss Bonnie Wood Borie, daughter of Mr. and Mrs. Alfred W. Borie of 400 Wood Road, Lyndon, has been selected as a member of Cap and Gown, the Senior Women's Honor Society at Morehead State College. Members are chosen on the basis of Recommendations of faculty members, leadership, and Scholarship.

Among Miss Borie's other activities, she is an active member of the Appalachian Volunteers, a group which devotes their week ends to working in the depressed areas of Eastern Kentucky, Kappa Delta Pi, the Lakotas, and the Cosmopolitan Club of which she will serve as treasurer for 1964-65.

Majoring in Political Science and French, Bonnie is a 1961 graduate of Waggener High School.

Missy's new chapeau has everything but the kitchen sink--. Well, almost. Members of the Jefferson County Luncheon employees model their creations made from lunchroom supplies at their luncheon last Saturday at Chenoweth School. From left are Mrs. Roy Neal, who works with all schools; Mrs. Edna Hehmann, Waggener; Frances Snapp, Shryock; Agnes Cornelius, Westport; Mrs. Kathleen Short, Westport, and Rosemary Writsel, Hikes Point.

# Waggener seniors to be honored today with skits, awards

By Jan Heckenkamp

With the Prom and Baccalaureate behind them, the Class of '64 will assemble today in the school for the last time. The senior class is to be honored in skits, speeches, and awards at Class Day exercises set for 9 a.m. Senior activities will be climaxed May 23 with graduation at 8 p.m. at Freedom Hall. Waggener's largest senior class of 459 will enter their final commencement exercises to the strains of "Pomp and Circumstance," played by senior Leslie Mills, who will also play the recessional. The invocation will be given by Reverend Hugh Riley, minister of Douglas Boulevard Christian Church. Reverend Willard VanNostrand, assistant minister of Beargrass Christian Church, will give the final benediction.

A musical program will be presented by Mrs. Bernice Ely and Waggener's choir. They will sing "Make a Joyful Noise" and "You'll Never Walk Alone" accompanied by Liv Maseal. The commencement address will be given by Dr. Thomas Spragens, President of Centre College of Kentucky. Following his address will be the awards presentation under the auspices of Mr. John Holloman, boy's counselor.

The awards to be given are: the Yale Cup, the Carol Curry Award, the Bill Hinrichs Award, the John B. Lowe Award, the Danforth Foundation Award, the American Legion Award, James Nolan Rotary Award (in honor of the former mayor of St. Matthews), the Halfour Award and the D.A.R. Award.

Diplomas will be awarded by Mr. Earl Duncan, principal, aided by Mr. Arthur Draus, and Mr. J. H. Hendrix, boy's counselor.

Mrs. Kay Hendrix is the sponsor of graduation committee headed by Susan Anderson.

## Summer musk classes to begin at Waggener

Summer instrumental music instruction will again be offered at Waggener High School under the direction of Carl Markert and Mrs. Eleanor R. Ritchie.

Registration for students interested in beginning instruments, beginning strings, elementary band, training orchestra, band and orchestra will be held Monday, June 8, from 8 to 11 a.m. Classes will be held daily for six weeks, after which an outdoor concert will be presented.

For further information one may call Mrs. Ritchie, 425-2743, or Mr. Markert, 895-1646.

## Waggener students help support boy in Hong Kong

by Jan Heckenkamp

The Waggener junior-high student council foster-child project is helping to support Wong Man Chi in the Jordan Valley Primary Roof Top School of Hong Kong.

Through the Christian Children's Fund, Inc., the junior high has "adopted" the Chinese refugee boy living in the British colony. They earned the \$120 year's contribution by staging Waggener's first junior high variety show.

Wong Man Chi, 13 years old, means "precious pearl." The contribution allows him to attend one of the schoolrooms built on the flat-topped roofs of apartments in a governmental project. Attending school in Hong Kong is a great privilege, for the Chinese children are fearful their education will not last and value it highly.

Christian Children's Fund gives the following description of Man Chi and his background. "... a studious, helpful, likeable boy. This little boy's father was once able to earn a fair living in Mainland China but after the Communists overran the country, he fled to Hong Kong.

"He has since worked at whatever he can find to do in the miserable conditions existing there, though his best efforts fell to supply minimum needs of his family. Unable to cope with educational expenses of Man Chi and his brother, the father appealed to us and we enrolled the two boys in our school."

The money goes towards Man Chi's teaching coats, his school uniforms, books, and other benefits. As a result of great competition for enrollment, the Roof Top School operates on double sessions.

### First grads

Fifty-three percent of Waggener's first senior class, the Class of 1960, will graduate from college by the spring of 1965. Out of the 324 who are in the class, approximately 86 percent, or 280, entered college in the fall of 1960. From this number, 19 have already graduated from college, 116 graduate this year,

and 35 will graduate next year. At least 25 of these are going into post-graduate work.

One fourth of those who started college but will not graduate had two or more years before leaving to enter the armed services, marry, or work. At present, 16 members of the class are in the services, and 38 of the boys and 77 of the girls are married. As a special note of interest, the Class of 1960 has so far contributed 50 children to the next generation.

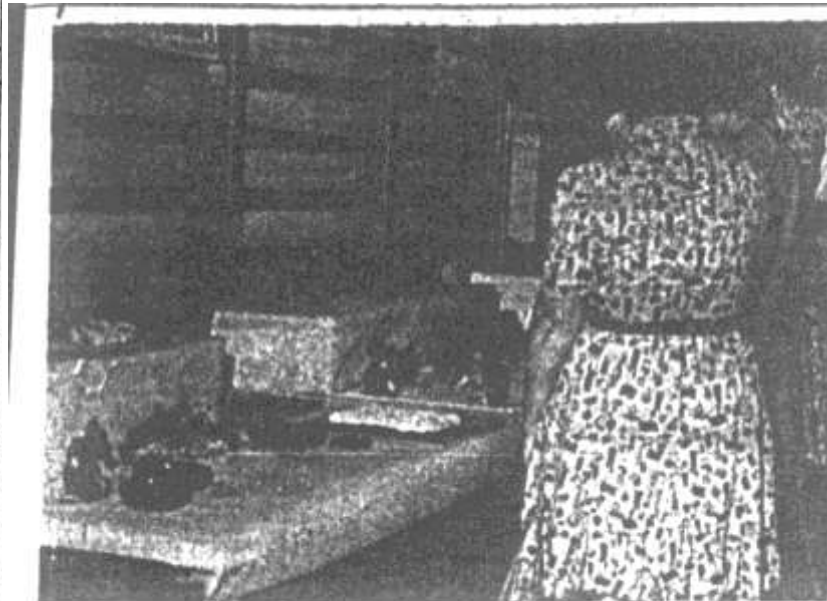

These statistics were compiled by Mrs. W. T. Micou, Jr., who has kept a detailed record of the

activities of each of the members of the class since their graduation.

### Heads Honor Society

Brian Casey has been elected president of next year's Honor Society of Waggener High School. Other officers are Jim Talbot, vice president; Penny Ortner, secretary; and Bill Taylor, treasurer.

Plans for next year call for the continuation of past Honor Society functions: tutoring, giving the Alumni Tea and selling doughnuts. The officers, with the aid of sponsor Mrs. Ruth Pardon, will work out further details during the summer.

Parents and visitors look over art work made by Waggener students and displayed at the PTA meeting last week.

# St. Matthews woman keeps track of 324 Waggener graduates--for four years

By The Staff of The Voice

It was a long, hard job, but Mrs. M. M. Moore, 324 W. 11th St., St. Matthews, has kept track of 324 Waggener graduates for four years. She has kept track of each graduate's whereabouts, and she has kept track of each graduate's progress in life.

More meaning was the feeling that she had made contact with all over the United States during the past four years. Mrs. Moore's complete record, she says, kept it right up to the minute with changes of addresses, marriages, and all kinds of news about the class.

The class members in charge of her home which she calls "Waggener Alumni House," pick up copies of her records which she keeps in a small notebook, and browse through her notebook.

One of them is Mary Louise Anderson, nee S. A. from General Hospital, who was in charge from 1960 to 1961. She is now a nurse in the hospital.

Another is Mrs. M. M. Moore, who has been in charge since 1961. She is now a homemaker in St. Matthews.

There are many other graduates who have been in contact with Mrs. Moore. Some are in the military, some are in college, and some are in the workforce.

Mrs. Moore's records are kept in a small notebook. She has a separate notebook for each graduate, and she keeps it up to date with any changes.

# Martha May, who named Voice, is statuesque beauty of 19

Fifteen years ago a thirteen-year-old girl wasn't particularly concerned about newspapers, and probably was doing what most little girls do at that age.

But in her own self she chose a card that had the name "The Voice of St. Matthews" listed on it, and for the following 15 years this newspaper has carried that name.

The little girl then was known as "Clay" May, daughter of Mr. and Mrs. James W. May, 2006 Elfin. But during the years "Clay" grew, and somewhere along the way the name "Clay" was dropped and she has become known by her right name, Martha.

How Martha (or Clay) gained the honor of having named this newspaper briefly is this: The May family decided to enter the contest being held by the newspaper, which at the time was a beginning shoppers circular, in name the fledgling weekly.

The family settled on four names: The Herald, The Messenger, The Bugle, and The Voice. Each name was written on separate cards and each member selected a card. Martha's entry won.

Another St. Matthews resident had suggested the same name but Martha's entry arrived first, so she received the \$100 prize being offered.

Though Martha might have had a little bit of luck in selecting the right card, she isn't giving up any of the honor to either of the three other members of the family, especially to her brother Jimmy, two years her senior.

Reinforced by her mother that Jimmy could just as easily have selected the winning card, Martha quickly replies that her card was chosen. Martha, now 18 and a tall, beautiful girl, is no stranger to the general St. Matthews area, having gone through Waggener High School with honors and been active in numerous activities there.

She was a member of the National Honor Society, a cheerleader, named Waggener's Personality Girl one year, belonged to the Beta Club, Quill & Scroll—a literary group, and Youth Speaks.

Martha sews on a dress project—her own creation.

lets—among several other activities.

While she has been sewing for several months, she is now undertaking with some uncertainty, making a cocktail dress according to her own design.

During the past 15 years Martha has been in many activities and had a lot of different interests, but she has remained close to The Voice. She wrote "Club Clippings" for a year and has written social items for The Voice. Her father is an engineer and director of training for American Air Filter.

Her grades were exceptionally good—a fact Martha tries to hide, but with help of her admiring mother it was learned that Martha is continuing with a good scholastic record at the University of Kentucky, where she will re-enter this fall for her second year. Last year she made a four-point average there.

But Martha doesn't go without dates (she is a member of the Tri-Delta) for her secrets come out through the course of conversation.

Martha is now facing the big problem of what to major in. She is seriously thinking of taking journalism.

But meanwhile she is modeling through the vacation, and trying to find time to swim—

one of her recreational interests.

## Enters college

George H. Barrows, a 1964 graduate of Waggener High School and the son of Mr. and Mrs. Robert S. Barrows of 109 Dorchester Rd., Anchorage, will be among 282 freshmen entering Trinity College Hartford, Conn., Monday.

September 10, 1964

Jefferson County Schools will open next week with an expected enrollment of 6,561 in the three east and high schools and 6,765 in the 16 elementary schools. Westport High School with a senior class for the first time, is expecting an enrollment of 2,266. Waggener High is anticipating 2,406 and Eastern High, 1,889.

Expected enrollments in the east and elementary schools are: Chenoweth, 702; Great-Bucks 842; John White 522; Lyndon 681; Middletown Elementary, 631; St. Matthews 531; Shryock 448; Stevens 441; Wilder 808 and Zachary Taylor 841.

Teachers will report Monday and Tuesday, Aug. 31 and Sept. 1, and the students will begin with a full day on Wednesday, Sept. 2.

Westport High will begin double sessions for the first time. Grades 9, 10, 11 and 12 will attend the first session from 7 a.m. to 1:30 p.m., and grades 7 and 8 from 1:30 to 4 p.m.

James E. Farmer, assistant superintendent of instruction for the County Board of Education, said the school will have two separate facilities and lunch will be served to those attending the first session and supper to the evening group.

Mr. Farmer also announced that the Advance Program for the academically talented pupils will be continued through the 12th grade for the first time this year. The program which is conducted at Waggener only, has been extended a grade each year.

As a safety measure for those attending Westport on double sessions, Charles Abbot, director of transportation for the school board said the board has asked Fiscal Court to install street lights at proposed bus stops.

These possible locations are at 603 Whigps Hill Road and Hains Lane, Hays Lane near Crownway Drive, Elm Hill Lane at Hilltop Woods, Walley and Elm Hill Lane, Hays Lane and Elm Hill Road and Hays Lane Road at U. S. 52.

Mr. Street announced that children in all schools will be discharged from buses on full-lane highways in front of their homes on the side of the highway which their homes face. He said this will be done in compliance with the new state statute which does not require traffic signs providing a school bus on a multiple lane with a median divider to stop.

He pointed out that this will mean a long trip for students in some areas. He said that some where a long drive to the north side of U. S. 52 east of Middletown, attending the same time school, will have to ride all the way to Eastport and back to Middletown. He said he will be charged with the responsibility of

Jay Richard Gott, III, son of Dr. and Mrs. Jay Richard Gott, Jr., Indian Hills Trail and Larry Goad, son of Mr. and Mrs. John E. Goad, 67 Westwind Road, first and second alternate winners

respectively of the National Science Fair, conducted at Baltimore, Md., earlier this year, departed Louisville, Aug. 31, by U. S. Navy transport plane on a one week tour of the U. S. Navy facilities at Norfolk, Va.

Jay Richard Gott, III

The trip was awarded to those exhibitors at Regional, State and National Science Fairs that were judged by a panel of Navy scientific judges to be of sufficient interest to deserve special recognition.

Larry Goad

The Navy Science Cruisers will see first hand results of science by touring and sailing in modern naval warships, visiting the Navy shipbuilding and repair facilities and seeing the modern computerized supply installations.

A Navy atmosphere is maintained throughout the tour by permitting the boys to live in Navy barracks, eat in Navy mess halls and, as far as practical, conform to the daily routine and experience of the Navy man.

Both of the Navy Science Cruisers are students of Waggener High School.

# Waggener expects 2406, has several new teachers

By Carol Hagan

"I'm looking forward to '65 as the best year in Waggener's history," anticipates Principal Paul Duncan as Waggener begins its 11th year. This year brings several new teachers and courses along with a larger enrollment.

"Salesmanship, business practice, and home management have been added to the academic curriculum. Speech and dramatics are available for a full year as well as one semester courses," stated Assistant Principal John Corey.

New faculty members will include Mr. Hayes, Mr. Blocker, Mrs. Curtis, Mrs. Munn, Mrs. Watts and Mrs. Thomas. Miss Anne Crockett will return to teach history.

Total enrollment for the coming year will reach 2406. The sophomore class will be the largest with 414, closely followed by the senior class with 410.

## 'Chit-Chat' staff picked

"We hope that this year's Chit-Chat will be an interesting and informative one," remarked the new editor, Jove John Mc...

Prudy Nichols, literary editor of last year's Intrepid, now fills the role of managing editor on the paper. She and Johnson are assisted by faculty manager, Max Cuckburly, who is also proud of this year's staff.

The staff that will of 70 includes the following: Paul Beatty, Pat Burdett, Lynn Campbell, Craig Douglas, Joel Frazier, Tommie Buchanan, Harriet Buchanan, and Harriet Buchanan.

Faculty members include: Mr. Hayes, Mr. Blocker, Mrs. Curtis, Mrs. Munn, Mrs. Watts and Mrs. Thomas. Miss Anne Crockett will return to teach history.

## Football team ready for play

The Waggener football team is expected to begin play after a few practice games. With a coaching staff consisting of several former players, the team is expected to be in good shape for the start of the season. However, the coach of the Wildcats is looking for a few more players and says he is in better shape than last year's squad. Some of the standouts so far in practice have been Mike Karam, a 245-pound senior guard, Walt Taylor, who has been converted from end to quarterback, and senior guard and linebacker, Rocky Gatz. Although the Wildcats were not highly rated in the pre-season polls, they may surprise many with a winning season.

Waggener High School was well represented in the annual City-County All-Star football game Aug. 19 at the State Fairgrounds. Four starters were former Wildcats: center Mike Rodgers, and Butch Hiley, halfback Ben Hoona, and quarterback Gary McGaughy.

The familiar combination of McGaughy and Boone clicked for the last time of their high school career on a 51-yard pass play for one of the County's two touchdowns. Rodgers, Hiley, and another former Wildcat, Larry Ethridge, were outstanding on defense. But even they could not stop the powerful City team from gaining a 20-14 victory.

Waggener's girls hockey team, starting their second season in competition, began their practice sessions Aug. 12 at Seneca Park. The girls, who are coached by Miss Shirley Bates, are looking forward to a winning season. Most of the regulars are returning from last year's squad, including such standouts as Joan Orr, Nancy Belle Fuller and Beverly Ransom.

# She's a broker Local girl, 21, passes test, will join her mother in office

A 21-year-old St. Matthews area girl passed a test this week that relatively few men pass and a fewer number of women.

The girl, Carolyn L. Kinker was one of 50 out of 200 men and women who passed a test for real estate brokers. Only five of the group were women. Having obtained her broker's license, Miss Kinker is believed to be the youngest girl in the state to have passed the test.

She will join her mother, Elizabeth Kinker, in the Kinker Realty Company, 4158 Shelbyville Road, which she started 13 years ago.

Real estate will not be exactly a new job for Miss Kinker, who has, between other activities, helped in her mother's office. Where she was confined primarily to the typewriter and paper work, she now expects to be showing prospective buyers both residence and commercial prop-

erty. But Carolyn hasn't been spending all of her time just in real estate. Her interest varies from radio and TV arts to law.

She has studied at the University of Kentucky toward an eventual law degree and is now studying at the University of Louisville toward a B. S. degree in commerce and intends later to enter law school.

Perhaps part of her success in obtaining her broker's license can be attributed to having studied real estate law under County Commissioner Donia Lawrence at U. of L. Carolyn doesn't necessarily intend to practice law, but wants the knowledge to apply toward her real estate interests.

She holds a Federal Communications license, and is also one of the youngest girls to possess one. She has worked at a local radio and TV station--as a continuity writer and a model.

Carolyn graduated from Waggener High School in 1960, and philosophically states she might not have done too well in some subjects there. "But let them know I'm not a complete loss," she quipped.

## Senior play

"George Washington Slept Here" has been chosen as the senior play for the class of

'64. The three act comedy written by Moss Hart and George S. Kaufman will be presented in the second week of November.

Bud Fischer, president of the Thespians and chairman of the committee which chose the play, stated that the play "is hilarious from beginning to end." Mrs. Judy Miller will sponsor the play which has been produced on Broadway.

Tryouts were held last Thursday for the contemporary comedy which has 25 parts. Bud stated that there would be much work involved yet that he felt the play would be a credit to the senior class.

# 25 Waggener to attend council convention

By Carol Hargan

Lexington will be the destination of 25 Waggener students council members attending the tenth annual Kentucky Association of Student Councils convention on Oct. 24.

University High School will be the host to delegates from all over Kentucky. The University of Kentucky's campus will provide the meeting space, instead of spending the night at last year, the convention will last only one day.

The convention will include general sessions, group discussions, and election of state officers. Waggener delegates will occupy themselves with campaigning for the office of president-elect of KASC.

"If we win this election, the responsibility will rest with the present sophomores," commented Becky Sprowles, student council president. When they are seniors, the KASC president will be a Waggener student, and Waggener will be host to the annual convention.

"Housing this convention will be a great responsibility," says Miss Anne Crockett, sponsor.

Sherry Sloan, convention chairman, has headed campaign plans. Letters have been sent to each KASC school asking its support. Publicity chairman, Bill Tyler, and his committee has made the posters announcing Waggener's candidacy. Becky Sprowles will make the campaign speech.

Seventeen Waggener seniors have been honored for their high performance on the National Merit Scholarship Qualifying Test by receiving formal Letters of Commendation.

Students receiving the letters are Frank Anderson, Jim Burton, Penn Clower, Craig Douglas, Richard Gott, Claudia Harris, John Hartwell (has moved to Chicago), Steve Helm, Irene Lawson, Kristine Luther, Marcia Nightingale, Susanne Sandidge, Mike Shane, David Taft, Bill Taylor, John Todd and David Welch.

The Greater Louisville High School Press Association and the Courier-Journal and Louisville Times will sponsor a Press Forum and Scholastic Press Day for high school newspaper staffs, Oct. 23 and 24.

Attending from the Chit-Chat will be Steve Johnson, editor; Penny Ortner, managing editor; Bill Tyler, sports editor; Cookie Fuhman, business staff member; and Steve Helm, photographer.

## Waggener eighth graders to hold debate

By Carol Hargan

Gerald Adams' advanced eighth grade core classes will have a presidential debate Nov. 2. They will discuss and argue the major political views of President Johnson and Senator Barry Goldwater.

Each side will have a five-man team discussion for 20 minutes, followed by a ten minute rebuttal from the other team. Steve Allen is chairman of the project and has set up all the rules. After the debate the class will have a mock presidential election based on the arguments set forth by both teams.

Leading the Goldwater faction are Barry Master and James Fish. They plan to point up such faults of Johnson as his weak foreign policy, the Bobby Baker case, his switch on civil rights, and the question of "ballot box 13" or whether the 1960 election was rigged.

On the other side, heading the Johnson team are Chris Horvay and Terry Saag. They will stress such things as Goldwater's positions on civil rights, nuclear arms, test ban treaty, foreign affairs, anti-poverty legislation, and extremist organizations like the John Birch Society.

The class is to vote basing their decisions on the points brought out in this discussion.

Geology has been studied by Mrs. Annie L. Jenkins' core classes during recent weeks.

As a part of the unit each student prepared an original project. An elevated clay model of such land features as mountains, waterfalls, and volcanoes was made by Elizabeth Perkins. How many know that week killer comes from petroleum? This substance was only one of 25 such by-products collected by Mark Rjley in his research.

A broken back and arm were

the results of seventh grader Milton "Nubby" Lukins summer tree-climbing venture. Nubby, who missed the first grading period, returned to school last week with only an invisible brace to "show" for his misfortune.

ICE Awards (Interest, Cooperation and Effort) were presented in core reading classes to Patty LaFore, Barbara Wright, Donald Sundberg, Darlene Carnes, and Peggy Harrod. "These people," commented teacher Mrs. Jean Lee, "have shown the most interest, have been the most cooperative and have put forth

the most effort for this six weeks in their respective classes."

Bud Fischer, senior play committee chairman, will coordinate the senior play "George Washington Slept Here," which will be presented the second week of November.

Penny Ortner and Carol Williams are the student directors. There will be one cast this year that will give two performances. Mrs. Judy Miller, senior play sponsor, selected the cast.

The lead roles are Newton

Fuller, Marcus Burke; Annabelle Fuller, Debbie Huffman;

Uncle Stanley, Bud Fischer; Mr. Prescott, Brent Willage.

The rest of the cast is Midge Fuller, Cindy Keelling; Steve Eldridge, Bill Lawrence; Kathe, Jenny Day; Mrs. Douglas, Christie Harvin; Pam Douglas, Conde Fuhrman; Clayton Evans, Steve Neal; Rena Leslie, Cam Williams; Hester, Carson Crawford; Raymond, Jim Denton; Tomm, Hughes, Doug Billips; Sue Barrington, Becky Sprowles; Miss Wilcox, Marcia Nightingale; carpenter, David Walker. Other guests: Jan Pauline, Sue McMannon, Vell Solari, Carol Clay, and David Taft.

Committees and chairmen which will aid in the production are make-up, Mimi Wessell; stage crew, Fred Bryant; props, Sue Insko; scenery, Carol McFerran; publicity, David Pulliam and Denis Myers; set, Warren Davies; programs, Pal Newell; sound, Dick Houser; lights, David Weich; costumes, Linda Sprowles; and clean-up, Dave Parlow.

Penny Ortner commented: "The cast is working very hard to make the play a success. The play is hilarious and I'm sure it will be enjoyed by the entire student body."

The patrons' drive the spontaneous writing contest, and the publication of one of the few high school literary magazines in the state are just some of the activities planned for the introspect staff this year.

Marcus Burke, (left) as the leading man, and Jim Denton, rehearse their roles for the comedy "George Washington Slept Here" to be presented by the Waggener High School Senior Class on Nov. 12 and 13 at 8 p.m. in the school auditorium.

# College night slated at Waggener

By Carol Morgan

The annual College Night Program will take place at Waggener on Monday, Nov. 9, from 7:30 p.m. to 9 p.m.

The purpose of this event is to give seniors from Waggener, Farm Creek, Sebec, and Westport an opportunity to discuss the colleges of their choice with representatives of the colleges. Each senior will be able to visit three colleges during the evening. The program will be divided into three 30-minute sessions.

The college representatives will present detailed information about their college. The sessions will be open to question and answer periods. If time permits, students should try to ask questions that are pertinent to the entire group.

Seniors from the four senior high schools are all invited to attend with their parents or two guests.

## Football dance

The annual football dance, Saturday, Nov. 7, will bring the 1964 season to a close. Avery Burke and Nancy Belle Fuller are the co-chairmen, responsible for the organization of the entire dance.

Mr. Robert Hoppo, head football coach, will crown the football queen as the highlight of the evening. The court consists of Jan Pauline, Cindy Keeling, Sue McManusa, Sherry Sloan, and Dorena Weber.

The greatly improved Waggener girls' hockey team, now third in their "B" league, is going forward with a 1-1-2 record.

In an exciting game with Atherton on Monday, Oct. 19, the team came out victorious by a 1-0 margin. Beverly Harrison, star liner, scored the only goal of the game.

The girls did not fare so well on Monday, Oct. 26, as they fell to Presentation 4-1. The speedy Presentation team made three of their four goals in the first half. Nancy Evans, well-known tennis player, was outstanding for Presentation, scoring twice. Their other goals were made by Susan Foster and Beverly Hardin.

Center forward, Nancy Belle Fuller, although injured, played a fine game for the Wildcats, tallying their only score. A metals group of Waggener male cheerleaders put on a very interesting half-time show.

Hockey manager, Pat Newell, is a busy girl during each game. She checks the players to and out of games, keeps statistics, and takes care of injuries.

Looking toward the future, the Wildcats have two games yet to play. Merry and the experienced Melrod Beart, Coach Mike Baker and her girls are also looking forward to the tournaments.

Later this season the Key Club will challenge the hockey team.

# Sisters critically injured in auto accident Sunday

Two sisters who were students at Waggener High School, remained in critical condition Tuesday after injuries received Sunday night in an automobile accident.

The two were Cheryl Ann Krausgill, 16, and Anita Kay Krausgill, 14, daughters of Mr. and Mrs. Edgar L. Krausgill, 501 Iowa Rd.

The two students received head and other injuries when their car went out of control one mile west of Middletown on U. S. 60 at 7:15 p.m.

County Police said witnesses reported the girls' car, headed west in the driving lane, ran off the road into a shallow ditch and hit a tree, after a car, occupied by boys 18 and 19, pulled along side and began weaving in the passing lane.

The other car continued and turned north on the way Lane, about 150 yards west of the accident, according to a police report.

Cheryl Ann, identified as the driver, was pinned in the car about 10 minutes before she was freed by County Police. Anita Kay was thrown out,

Both girls were taken to General Hospital, where Anita Kay remained unconscious Tuesday. Cheryl Ann was moved to Norton's Infirmary but Tuesday was still listed in critical condition.

A friend of the family Tuesday reported that the girls were not permitted visitors, other than by their immediate family for a limited time. She added that there had been numerous inquiries from the girls' friends and students at Waggener as to their condition and whether visitors were permitted.

# Waggener butt of bomb prank Friday

Waggener students and faculty had to evacuate the school building about noon last Friday and wait in the football field stands while police searched for a bomb in the building.

There was no bomb, which police said was reported by a prankster. Police said they were called to the building after an unidentified caller reported a bomb was in the building.

Students had to open their lockers before leaving the building. The incident interrupted some students' lunch period.

## Waggener students take part in Youth Speaks

By Carol Hargan

Representatives to the Youth Speaks Board of Directors from Waggener are senior, Debbie Huffman, and junior, Jan Dawson. This year they are helping with the planning of pre-workshops, made up of five schools in a given area, which are to be conducted once a month to discuss controversial topics.

On Saturday, Oct. 31, a workshop was held with ten delegates attending from Waggener. The topic, which pertained to mental health, was "Youth Asks for a Positive Approach." The high point of the year will be the all-day discussion and lecture to be held in February, with the expected attendance of over 1,000 Youth Speaks representatives.

Youth Speaks representatives for this year are: Seniors--Susanne Bennett, Marcus Burke, Pal Burnett, Carson Crawford, Jennifer Day, Craig Douglas, Bud Fischer, Bill Haden, Carol Hargan, Christie Harvin, Steve Johnson, Irene Lawson, Penny Ortner, Bill Taylor, John Todd, Jim Toomes, Lynn Weinberg, Brent Willage, and alternates Bob Hammon, Bettie Hoakins, Terry Parsons, and Martie Wright.

Juniors--Jan Dawson, Missy Allen, Mitch Ash, Chris Hurst, Tom Jarrrell, Judy Koco, Leslie Lawson, Sally Lambert, Steve Marjoe, Joe Moore, Judy Sharp, Sherry Sloan, and alternates Mike Bestelour-tje, Martha Humphrey, Ellen Mease, and Peggy Trawick. Sophomores--Lucy Baza, Cynthia Huffman, Diana Huffman, Craig Jarvis, Ricky Juillard, and alternates Marc Abraham, Cindy Clarke, Martha Cohen, Cindy Cunningham, Leslie Major, Chesky Johnston, and Sherry Scott.

### Senior play

"George Washington Slept Here" will be presented by the senior class tonight and tomorrow night in the Waggener gym.

Prices for the tickets will be student, \$1, adult \$1.25, and reserved section, \$1.50.

The cast of the play is: Newton Fuller, Marcus Burke; Annabelle Fuller, Debbie Huffman; Uncle Stanley, Bud Fischer; Mr. Prescott, Brent Willage; Maids Fuller, Clody Keeling; Steve Eldridge, Bill Lawrence; Kath, Jenny Day; Mrs. Douglas, Christie Harvin; Pam Douglas, Cooke Fuhrman; Clayton Evans, Steve Neal; Hena Lualu, Cam Williams; Hester, Carson Crawford; Raymond, Jim Denton; Tommy Hughes, Doug Hillips; Sue Harrington, Ducky Sprawles; Miss Wilcox, Marcia Nightingale; carpenter, David Walker; other guests

Jan Pauline, Sue McManon, Vell Solari, Carol Clay, and David Taft, Leggeh, Steve Hain; Kimber brothers, Steve Berg and Ed Kearl.

### Council formed

"To plan science activities and to inform the students are the principal functions of Waggener's newly established Science Council," said president Richard Gott.

The Science Council is a group similar to the Science Club of previous years. Because each science class elects one representative, the sponsor, Mrs. Gertrude Wellner, believes that the 54-member council will be more effective than was the voluntary club, in which only 19 participated last year.

Organizing a February open house instead of the usual Science Fair is a major project of the council.

Officers elected at the first session of the Science Council are Richard Gott, president; Larry Goad, vice-president; Bunny Luther, secretary; David Welch, treasurer. Leading the various committees are David Welch, publicity; Bill Barker, program; Jeannetta Seelye, open house; Sally Walters, state science fair.

Future meetings will feature speakers.

Magazine sales, the Saddle Hawkins Dance, soc-hops, and "something special" are all projects for the Class of '66 this coming year. Bonnie

## Waggener plans Yule musicals

By Carol Hargan

Various programs of Christmas music are being planned now by Waggener's music department.

The school's junior and senior high orchestras, lead by Mrs. Eleanor Ritchie, will perform on Sunday, Dec. 6 at 3:30 p.m. in the gym. The high school choral music department, headed by Mrs. Bernice Ely, plans to present its traditional Christmas program on Dec. 10 at 7:30 p.m. in the gym.

Two new girls' groups, the chorale and the sextet, will be featured in the Dec. 10 program. The songs of the sextet include "Three Kings Went Riding" and "Lullabye." The members of the group are Olivia Day, Cheryl Scalzo, Sharon Mason, Linda Griffiths, Janet Derr, and Linda Hussung.

The male quartet of Quincy Zimmerman, Ed Kearl, Steve Neal, and Charlie Thurman will harmonize in "Little Drummer Boy," "God Rest Ye Merry Gentlemen," and "Carol of the Bells."

Featured on the girls' ensemble program are such well-known Christmas songs as "O Holy Night" and "Winter Wonderland." The boys' ensemble will include "Go Tell It On The Mountain" and "Sleigh Ride."

The mixed chorus, including all members of the girls' chorus and the choir will present the traditional hymn "Lo, How a Rose" and the spirited "Patapan" and "Touro-Louro-Louro." The finale of the program will be Handel's joyful "Halleluia Chorus" from the Messiah.

Other Christmas activities for the choir include their appearance on a special caroling program on WHAS-TV and a concert with the girls' chorale at Bethany United Church of Christ on Dec. 6 at 7:30 p.m.

Concert in Jazz, with Jim Burton playing the piano solo, will highlight the orchestra's concert on Dec. 8. A string group will present Bach's "Double Concerto" and Paul Willington will perform a trumpet solo. Christmas pieces such as "White Christmas" will provide a holiday atmosphere.

Waggener Forensic Society has won three of its first four debates.

On Nov. 4 Waggener's negative team defeated Westport's affirmative, but the affirmative lost to Trinity's negative in the A bracket. A week later Waggener's other two teams debated in the D bracket. The affirmative claimed victory over Trinity's other negative, and the negative beat Fern Creek's af-

firmative.

Waggener maintains four varsity debate teams: John Todd, Mitch Ash, Terry Parsons and Penn Clower in the A bracket; and Peggy Trawick, Joe Rains, Bob Hammon, Sally Siegfried in the D bracket.

The debaters have studied for months on this year's topic: "Resolved: that nuclear weapons should be controlled by an international organization."

Every Wednesday two of Waggener's four varsity debate teams debate in the Louisville Forensic League. During the year Waggener will also enter many invitational

tournaments held on Saturdays by sponsoring schools.

Charles Thurman is newly elected president of Waggener High Red Cross Chapter.

Other officers include Linda Conrad, vice president; Joyce Angelo, secretary; and Beth Boston, treasurer. They were elected at the first meeting on Oct. 19.

Each homeroom has a representative to the Red Cross Council, which meets the second and fourth Monday of each month.

The club's projects for '64 and '65 included making party hats, which Red Cross headquarters distributed throughout the city. Club members also sponsored a drive to collect pencils and note paper for the Hazelwood Sanitarium.

Late this spring the club will sponsor a drive to collect books to be sent to schools and hospitals in the Far East. Worn books that can be repaired will be given to local hospitals.

Mrs. Dorothy Stellrecht is sponsor of the WHS Red Cross, and Mrs. Beatrice Hoblitzell, co-sponsor.

Waggener, and other high schools in the Louisville area, will be host to the state-wide Beta Club Convention scheduled for Saturday, Dec. 5 at the Kentucky Hotel.

Waggener will not run anyone for office this year, but plans to support Fern Creek and Westport in their campaigns.

Marcus Burke, president of Waggener's Beta Club, is the head convention usher. Five Beta Club members have been selected to serve as ushers. These are Jim Burton, Greg Cain, Larry Culppepper, Richard Gott and Steve Neal.

## Gott gets another science award

Richard Gott, Waggener High School senior, can add another science award to his collection. He has just received the Bausch & Lomb Science Award.

Richard, the son of Dr. and Mrs. J. R. Gott, 136 Indian Hills Trail, has won numerous awards and honors in science during his years at Waggener.

The highly coveted Bausch & Lomb award is given for "superior scientific aptitude. It is a bronze medal given to outstanding science students in more than 8,000 schools. As a winner of the award, he is eligible to compete for science scholarships at the University of Rochester, N. Y. Bausch & Lomb sponsors three or more scholarships and the Univer-

sity offers several. Awards are based on need and have a total combined four-year value of about \$50,000.

Richard has until February 1 to make application at the University.

As a Junior last year, Richard helped the Waggener Science Club bring home a bounty of prizes and awards from the state high school science club convention.

He also won a five-day cruise aboard a U. S. Navy vessel as winner of an award given by Naval Science and the Air Force's Nuclear Science.

## St.M. Airman is selected for technical training

Airman Thomas P. Spears son of Mr. and Mrs. Virgil D. Spears of 517 Fairlawn, has completed Air Force basic military training at Lackland AFB, Tex.

Airman Spears has been selected for technical training as an aircraft equipment repairman at the Air Training Command (ATC) school at Chanute AFB, Ill. His new unit is part of the vast ATC system which trains divers and officers in the diverse skills required by the nation's aerospace force.

The airman, a 1963 graduate of Waggener High School, attended Western Kentucky State College.

Airman Thomas P. Spears selected for tech training at Chanute field

Airman Thomas P. Spears, son of Mr. and Mrs. Virgil D. Spears of 517 Fairlawn, has completed Air Force basic military training at Lackland AFB, Tex.

Airman Spears has been selected for technical training as an aircraft equipment repairman at the Air Training Command (ATC) school at Chanute AFB, Ill.

His new unit is part of the vast ATC system which trains divers and officers in the diverse skills required by the nation's aerospace force. The airman, a 1963 graduate of Waggener High School, attended Western Kentucky State College.

## Waggener classrooms have door decorations

By Carol Hargen

Carols ringing through the halls, a lighted Christmas tree, faces of old grads through the doors, these are all part of the overflowing Yuletide spirit stirring the Waggener students.

Waggener's student council has been busy building the Christmas spirit through its traditional projects. The tree in the lobby and the door decorations are evidences of this.

This year's tree is again live. Decorated by the art students, it is to be planted in the school yard after Christmas.

Each homeroom is responsible for placing an attractive and original decoration on its door during Dec. 7 through 15 when they were judged. The winning class received ice cream.

Through the week of Dec. 7, money and canned goods were collected in the annual needy family drive. Baskets providing a Christmas dinner will be delivered to all deserving families in the Waggener area tomorrow. Doug Hillips is drive chairman.

A new project was embarked on this year by the student council, National Honor Society, and Beta Club. This was the "Toys for Tots" drive sponsored by the U. S. Marine Corps Reserve. New toys were collected and given to unfortunate children throughout Louisville.

Tomorrow, the last day of school till Jan. 4, will bring many other Christmas activities. Besides parties in many classes, Waggener students will see many alumni home for college throughout the halls.

The Waggener choir will also be making its traditional march throughout the halls singing carols.

### Tea planned

Coming up for all alumni and faculty is the annual National Honor Society Open House, set for tomorrow, at Waggener in the home economics living room from 9:30 a.m. to 3 p.m.

The tea, which began five years ago, is an N.H.S. tradition. "The 1959-60 Society decided they wanted to entertain the faculty and the alumni who came home at Christmas," stated sponsors, Mrs. Ruth Pardon and Mrs. Marquerite Beatty, regarding the tea's beginning.

The social committee, under the direction of chairman Sherry Haysa, has been planning and working on the affair since early November.

Invitations were written to each office personnel, counselors, librarians, and TV aides. Alumni were informed of the event by a printed announcement added to the Homecoming Invitations sent out by the Student Council.

Each period five or six members will be present at the tea to serve and greet the

guests. For the second year a guest book will be available for alumni and faculty to sign.

Amid the constant turmoil of the last minute rush before vacation, many joyful faces and foreign strands of "Feliz Navidad" can be observed. Christmas spirit is spreading like a rolling snowball on a steep hill, especially in the foreign language classes.

Neighboring classrooms have been entertained by Christmas carols in alternate native tongues for days, preferring highlights to the math and English draperies.

## Waggener to crown Queen at homecoming dance

By Carol Hargan

Waggener High School will have its third annual Homecoming Dance on New Year's night from 8 to 12 in the school gym. The "Carnations" and the "Trendells" will play. The affair will be sponsored by the student council.

At one point in the evening, a senior girl will be crowned as Homecoming Queen. The court consists of Sandy Foraythe, Cindy Keeling, Rikki Pinkstaff, Betsy Schaaf and Beckl Spruwell. Sandy Ridge and Carol Williams are co-chairmen of the Homecoming committee.

### Honored

Senior Brian Casey was chosen High-Twoer of the Week, as WHAS radio and Ray Shelton spotlighted Waggener High on their Dec. 5 program.

Members of the Chi-Chat staff represented Waggener on the show. Steve Johnson, editor, and Penny Orner, managing editor, discussed the school and then gave the results of a survey taken on "Do teens grow up too fast?"

Bill Tyler, sports editor, interviewed basketball star Sam Harvey and reported the year's sports activities.

A record jury composed of Betty Hoskins, Cozale Furman, and Steve Helm judged the probable popularity of two new songs.

Mike Shane introduced Brian Casey, a student who possesses qualities of leadership in the fields of sports, citizenship and scholastic achievement. Brian is president of the National Honor Society, member of the track team and Lahr staff and a student with a 3.7 average.

Waggener's 10 favorite songs were played as musical background.

### Basketball begins

The annual Key Club Intramural Basketball League will begin shortly after the close of the Christmas holidays with games to be played in Waggener's gym.

This year the league will consist of eight teams divided into two divisions. Each team will play approximately 10 games during the season against teams from both divisions. The winners of each division will play in a final league game to determine the overall champion.

Games will be scheduled on week nights in Waggener's gym, with two games each night. This year students will take the places of last year's hired referees.

The league itself is conducted by the Key Club under the guidance of its three sponsors: Mr. Charles Day, Mr. John Nealis, and Mr. Gerald

Adams. Stanley Conrad is in charge of this year's intramurals.

### Bowling added

Bowling has just been introduced to the intramural program at Waggener. The league, which is now in its eighth week, is composed of eight teams with four on a team. They bowl every Monday at Ten Pin Lanes in St. Matthews.

There are three teachers who alternate as sponsors of the league. They are Mr. Charles Day, Mr. John Nealis, and Mr. Gerald Adams. Quincy Zimmermann, secretary of the league, is largely responsible for getting it started.

Some of the top bowlers in the league are Gary Crum, whose average of 186 leads the league, Bill Beam, second with 169, Doug McKenzie, Jim Kinker, and Gary Yunt.

### Sophomores elect

Mark Peterson is newly elected president of the sophomore class. Vice president David Ketchum, secretary Chesky Johnston, treasurer Ricky Conrad, and head sponsor Miss Betty Kavanaugh will help him in planning this year's class activities.

The 13 representatives on the executive board are Charles Becker, Joan Branstetter, Joel Brucki, Matt Gibbons, Brent Gooding, Barbara McKay, Beverly Glander, Scott Pulliam, Beth Whitlow, Sam Sedcott, and Kerry Thomas.

## Waggener Junior Council sponsors boy in Hong Kong

By Carol Hargan

Yim Tak Tsum, a 12 year old from Hong Kong, China, is sponsored this year by the Junior High Student Council at Waggener High School.

Through the Christian Children's Fund, the Junior High Council sends to Yim Tak \$10 each month which pays for his clothing, food, and education. Yim Tak attends Jordan Valley Roof Top Primary School. Because of the crowded conditions there is no room for new construction so his classes must be held on the roof of a building.

The council's Needy Family Drive began Dec. 7 and continued through Dec. 14. During that time canned goods, used clothing, and money were brought to the homerooms. The food and money will be given to the needy families

and the used clothing will be given to Goodwill Industries. The homeroom that collected the largest amount of money will be allowed to attend a pep rally or will be able to buy tickets for the March soc hop at half-price.

Those leading the student council this year are Ann Stiglitz, president; Philip Mease, vice-president; Liz Halsey, secretary; and Debbie Long, Treasurer.

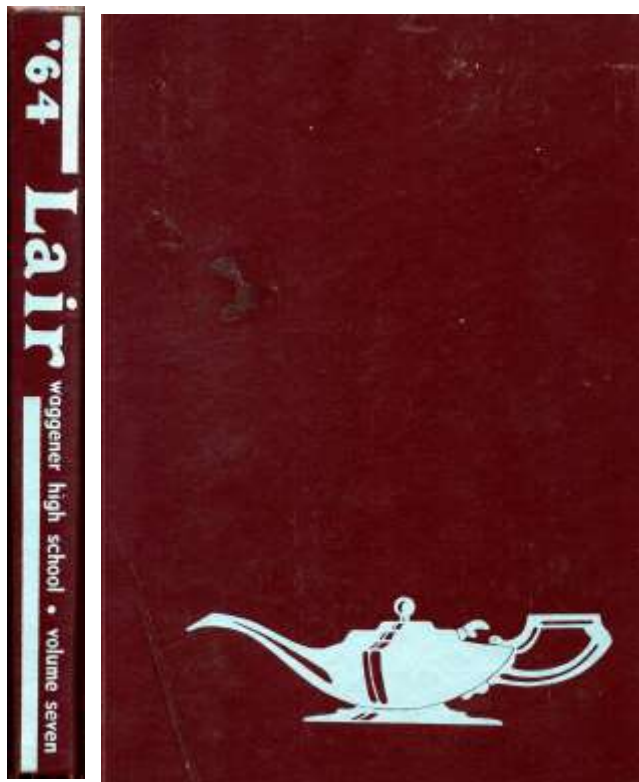

The intramural sports program for the junior high school has begun its basketball leagues under the guidance of physical education teacher, Charles Thornton.

The two leagues, divided into seventh and eighth grades, are composed of four teams each. With approximately 12 players on a team, there are four games every Saturday in the school gym, with the first game beginning at 8 a.m. and the last usually finishing at 11.

### Foreword

Magic is the key note of our Waggener, for there is more to the school than its tangible life. There exists a mist of magic that hovers over the laughter and anxiety of the students, over the halls and classrooms of the building, over the spirit of the Wildcat. There exists a magical bond between teacher and student, between friends, between classmates within the concrete walls of a structure. To illustrate this elusive factor the '64 Lair has related well-known magical characters to Waggener life, by using a leprechaun for fun and laughter, a fairy for grace and glory, a giant for physical prowess, seven dwarfs for togetherness, Merlin for wisdom from knowledge, a sprite for flexibility, and an elf for impleness: the magic life of Waggener.

## Waggener Marks

In the past ten years Waggener High School has undergone many changes. These changes have been not only in the physical plant but also in the faculty and students. The growth of Waggener has been on a steadfast uprise with many new additions to the building, and the enrollment has doubled. The improvements have affected not only the school itself but also the community in which Waggener plays a vital part.

Our building has expanded with many changes. We have seen the addition of a completely new wing, TV room, shop building, and lunchroom. Through the efforts of the Development Association, the athletic facilities have greatly improved. Our Wildcats now play on a lighted football field and the game's score is recorded on an electric scoreboard. A great many students have reached the driving age since the school was originally constructed, thus creating the necessity of a student parking lot.

With the erection of lights, Waggener's field became one of the county's finest.

The addition of Juniors and Seniors brought an increase in the number of students driving to school—thus a new parking lot.

## 10th Anniversary

There have been many alterations in our faculty and administration. Mr. Earl Duncan replaced Mr. John Lowe, who resigned as principal, and Mr. Art Draut and Mr. John Carey are our present assistant principals. There are only seven teachers who were with Waggener when it first opened, which in itself shows the constant variation of the faculty.

We, the students, have changed considerably. We no longer wear the once popular clothes of pink and black, do the Bop or wear as many crinolines as possible. We are members of the "beat generation." We wear Bass, do the Big B and tease our hair. Yes, we have also changed.

And so Waggener marks its first decade. In the years to come, through progress, our school will again change. But to those of us who have passed through her doors, the memory of the red and grey as we know it will remain.

During the past ten years many clothes fads have come and gone

Mr. Duncan and Mr. Draut continue the standards set for outstanding leadership.

The Wildcats' trophies are proudly displayed in the main lobby.

Belle of Louisville, representing the past of the Ohio River, has brought a great deal of pleasure to the citizens of Louisville.

# Louisville

## St. Matthews Waggener

Progress and modern design are raising the sky line of old Louisville to the height of a more metropolitan city. The sky scraping forms of multi-level apartments and motor hotels now add excitement to our growth. Progress in entertainment is witnessed with the construction of the unusual Penthouse Theater and the premiere of "Cleopatra." The Brown having turned to the legitimate stage, has numerous dramatic, operatic, and comic productions which many of us have the opportunity to enjoy. Modernization is evident along the waterfront as well as in the midst of the business section. With the appearance of the orange criss-crossing bars of steel, the new bridge to Jeffersonville will soon lighten the maddening confusion of the over-worked Clark Memorial Bridge.

Our heritage from the glorious South, however, we do not wish to forget with this transition from antiquated to modern. Restoration and renovation has affected the homes of George Rogers Clark and General Zachary Taylor, Farmington, and numerous other buildings in the Louisville vicinity. This summer was the first of many to come for the Belle of Louisville, the city's own sternwheel steamboat. The Belle is reminiscent of the old riverboat days as she carries many passengers on her decks, paddling steadily up and down the Ohio on a warm summer evening.

Yet as Louisville moves ahead with the pace of progress, to us it will never change; it is our home, a place of security and happiness.

In contrast to the old Belle is the new I-65 bridge bringing further modernization to the historic Ohio.

## St. Matthews

### Waggener

Childhood memories abound on the lovely ruins of an old mill which is now called "Big Rock."

Limiting Louisville, its big sister, St. Matthews, is a bustling, thriving sub-city. Waggenerites supply much of its prosperity, and at times troubles. Here is where we spend our allowances; those of our friends, overcharge our parents' accounts buying clothes, and filling our bottomless stomachs with nourishing foods such as pizzas and hamburgers. St. Matthews is a place to meet and to congregate; whether at its outlying country clubs, or at one of its convenient, over-crowded drive-in restaurants. On Sundays with our families and friends togetherness is found in one of our community's churches. Its parks provide facilities for various sports and rolling greens for picnickers or those who seek a quiet refuge. For many of us, leaving our town would be like leaving a friend, leaving with him fond memories of wonderful teen-age years. We are able to say these things because we realize that without interested leaders and adult friends they could not be true. St. Matthews may only be a spoke in the wheel of Louisville, but it is an important one, not only in our lives but in those of Louisvillians as well.

## Waggener

Academic standing and pride in the scholastic level of Waggener are not overshadowed by athletic enthusiasm; however, many of the pleasures of school life are an outgrowth not only of its basic purpose, imparting knowledge, but, also, of the activities generated by the total athletic program. Balance, which is so imperative to the modern citizen for a full and useful existence, is achieved between the classroom and the athletic field.

When we speak of athletics, we are speaking of more than a team element; it becomes a part of the magic atmosphere of our Waggener life which envelops so much of our social, personal, and academic development. Not only do the games belong to the participants but, also, to the observers as well. This relationship between sports and student life is shown in various ways: the players on the teams sacrifice hours of spare time to condition themselves for the contests, and from these people numerous school organizations are formed and many others are given an opportunity for participation. In turn these organizations such as the Key Club, the Drill Corps, and the band are seen giving service by selling concessions, by marching at half-time, and by selling programs.

Before the events the students have a chance to join in building school spirit in a pep rally or sometimes a flaming bonfire. Several may return after school is dismissed to paint the Wildcat or to help decorate the goal posts. Finally the time for the game has arrived and lights glare on scoreboards, in auditoriums, and on outdoor fields. Once again the students congregate, whether with dates or just with "the crowd" as the Wildcats come together.

Although the excitement of the competition has ceased and our school song has been sung for the last time, the night is still alive. Many head for the class-sponsored sock hops, where they perform the popular Big Bee and the Dog to the teen-age rhythms of the Nightcrawlers and The Epics until the time comes for the lights to go out and for weary and happy students to return home.

Here is found stated what we have long known: what an important aspect of student life sports represents, for without them school would be limited to a formal education, but with them it is more a part of our youth and the magic and the completeness of our Waggener.

In September the seniors decided to present Thornton Wilder's play, "The Matchmaker;" however, since Carol Channing was to revive the play in a musical form under the title of "Hello Dolly," the seniors directed their thwarted enthusiasm to "The Man Who Came to Dinner." There were two separate casts, one for Thursday night and one for Saturday night. Bryan Harrison and Hume Morris re-created the part of the incomparable Sheridan Whiteside amid the atmosphere of wheel chair antics and stage construction. Charlie Rosenbaum and Barbara Bramble assumed the responsibility of student directors and helped the actors. For weeks the participants neglected homework, meals, and sleep. Accidents were unavoidable. One of the female leads, Carol Cobb, was sick but still performed. One of the wheel chairs broke, and many pies found their ways into the faces of the actors. After the play the audience was pleased, the directors relieved, and the performers proud.

Contrary to the opinions of many, the spare time of teenagers is not spent heedlessly, accomplishing nothing. These free hours are put to good use as Waggener students hold numerous vocational positions throughout the St. Matthews area. Juniors and Seniors apply for employment on weekends and a few work even during weekday evenings. In addition to the jobs which offer a salary, other students pursue their interest in helping those less fortunate than themselves as volunteers for the Community Chest and for city hospitals. By working, these students supplement their formal education and learn to budget their finances without depending upon their parents. Such employees find a sense of accomplishment in their earnings as well as self-respect.

Pool halls hang heavy with aromatic blends: London Dock, Mixture 79, and cherry blend.

Hawaiian styles and bulky mohairs pace the fashion trends.

Keeping pace with changing tastes and fads, Waggener students have experienced some of the most diverse changes within the last decade. With the disappearance of waist lines in style for girls, the shifts and smocks have become popular. Bulky mohairs have replaced the standard cardigan favorites; and high boots and bare sandals are seen in increasing numbers. Weejuns vātish and Trotters take over. Femininity remains with stretch slacks, lace tights, and pierced ears. For boys the fashion this year is nylon parkas, and vests appear beneath suits. Popular for both males and females are pipes, and from the sensational English singing group, both sexes sport Beatle haircuts complete with long bangs. Girls' hairstyles are becoming longer and more casual as the manufacturers of hair spray change formulas to satisfy the feminine whim. Initials are prominent on rings, discs, and round gold pins. Boys have followed the trend from Old Spice to English Leather to Canoe. The one style which ever remains is the strange osmosis of boys' senior rings.

## The Majestic White Comes

When the crisp cold of winter arrives, a short-lived relief from the summer heat sparks the community. Soon, though, winter becomes a long, never-ending season of biting winds, freezing temperatures, and snow. With the first snowfall the parks become a winter wonderland heralding occasional schoolless days. Drivers become apprehensive. Children are joyful. Books are put away. The air rings with shouts of fun. Skating, sledding, and sometimes a solitary walk are all activities of snow. Meetings are canceled, stores close and everyone stays home. Smoke rises from chimneys and the view everywhere is one of white enchantment.

Christmas is a family time in any land.

Liv sits down to dinner with her American family.

Liv studies hard just as in Norway.

Waggener's second year of sponsoring an American Field Service exchange student brought a delightful and vivacious girl from Shien, Norway. Astri Liv Kristine Maesel quickly became a part of the student body. Liv, who lives with the Alvin Graef family, has received not only gifts from those who know her but also their love. In return Liv has shared with the student body her talent as a pianist as well as her warmth and friendliness. A sports enthusiast, she enjoys sledding and ice skating but misses the skiing which our climate and terrain cannot provide. Although football is not played in Norway, Liv was willing to learn as she joined the backfield of the Senior Girls' Football Team. Interested in other school functions, Liv is a member of the Pep Club, Youth Speaks, Student Council, and the Choir. Outside of Waggener Liv enjoys the fellowship found in church youth groups.

One thing Liv never lacks is her "AFS Smile." When asked about her year in America she replied: "To apply for an AFS Scholarship was the wisest thing I have ever done, and I also know that I could not have come to any nicer place than Waggener. This year has been such a wonderful experience to me and the main reason for that is the kindness and friendliness the Waggener student body has shown me."

## Promotes Unity

The Student Council functions as a means to give students an opportunity for actively participating in self-government. Through suggestions offered by individuals, the Council publishes the W-Book and sponsors the ice cream sales, the door decorating contest, and homecoming. As a benefit to the community as well as to Waggener, the Council supports a needy family drive, donating food baskets at Christmas to deserving homes. Attempting to further understanding and cooperation among nations, Waggener hosts a foreign exchange student for the second year. Members of the Council constantly strive to promote better student-faculty relationships, pride in our school, and good citizenship.

# Beta club Entertains Two hundred clubs At convention

Mr. Marcus Burke speaks to the Beta Club about the teen-ager and conformity.

## BETA CLUB

Service, interest, trust, education, and cooperation are five of the nine points of the Beta Club program which each member of our chapter promises to develop when initiated. Active in the state Beta organization, Waggener nominated and actively supported a candidate for the state presidency. The Community Chest acknowledges the invaluable aid of the Club members who volunteer for various jobs in agencies throughout the Jefferson County area. As a special project, the Market Street Neighborhood House again this year has the large majority of its VolunTEENS from Waggener's organization. Through its efforts to raise the academic standards of our school and its dedication to service, the Waggener Beta Club is a source of student pride.

Marcus Burke addresses the morning session of the State Beta Club convention.

## Quill and Scroll Has Contest

Worth Bingham speaks at the Publications Banquet.

A sincere interest in writing, stimulated by the Quill and Scroll Society, takes form every year in several annual contests and events. Included in the activities of the Quill and Scroll are the creative writing contest, the annual All-Publications Banquet, assembly programs, and the upkeep of special bulletin boards. Another purpose of this organization is to reward students for exceptional work on a publication.

## Key Club Serves Community

The Key Club Intramural League provides fun and competition for boys not competing in varsity basketball.

Have you ever been thirsty or hungry at a sports event, wanted to play intramural basketball, or buy a Christmas tree? There's a good chance that the person who helped you was a Waggener Key Club member. This organization, sponsored by the Kiwanis Club, is dedicated to service for worthwhile causes. The members work in the concession stand at games, sponsor intramural basketball leagues, and furnish volunteers for charity functions. The projects of this year's club includes buying new uniforms for the cheerleaders, and buying a projector for the Market Street Boys Club.

The Key Club develops qualities of leadership and a sense of responsibility in its members.

The promotion of the dramatic arts among high school students has been exemplified very well this year in the production of the play, "Ile," by Eugene O'Neill. Members of the Thespians Troupe 2023 performed this play at the University of Louisville Playhouse on February 21, 1964, for the Regional Drama Festival. They were Buddy Edwards, Susie French, George Barrows, Jim Denton, and Bruce Shiffler. The play was rated excellent and came in fourth in the Festival. They also plan to present a full-length play in the spring.

The new members of Thespians will be initiated in May. Qualifications for membership require ten quality points and one hundred hours of theater work. Mrs. Judy Miller has sponsored this year's players.

The presentation of "Ile" by Eugene O'Neill was the result of many hours of practice by the cast.

## Youth Probes Civil Rights

Discussion groups are a major part of the yearly workshop, held this year at Waggener.

Youth Speaks gives high school students an opportunity to acquire and express views on current events. Our organization will host the annual workshop convention on "Civil Rights." In addition the chapter participates in the development of state-wide Youth Speaks expansion and the founding of a Youth Corps. At Waggener, members hold a Quiz Bowl yearly which is open to all students and locally appears on video Youth Speaks programs.

Miss Carpenter distributes material on Civil Rights.

Each debate must be well prepared.

## Debaters Discuss Medicare

Waggener's Debate Club, sponsored by Mrs. Hendrix, has two varsity teams consisting of four members each and one junior varsity team. The debate proposition this year has been: "Resolved: Social Security should be extended to include complete medical care."

The teams are as follows: Team A: Joe Raine, Terry Parsons, Penn Clower, Bob Hammon; Team C: Ann Marshall, Jonathan Kesselman, John Treitz, John Todd.; J.V. Team: Jim Tomes, Debbie Huffman, Penny Ortner, Penn Clower.

## Band Entertains at Games

Representing Waggener in community and school functions, the band adds color and excitement to the student life at Waggener. The forty-five members, directed by Carl Markert, participate in a variety of programs. They play and march at all home football games and present two formal concerts each year. They also march in Louisville's Derby and Veterans' Day Parades, and this past year they participated in the Centre College Homecoming.

The appearance of the Pep Band is a highlight of the pep rallies.

## Music Fills the School

In addition to performing a service to Waggener, the chorus sings for various churches and appears on local television programs. Those students who have a sincere interest in choral music audition for the choir and are selected by Mrs. Ely. This group carols in our halls at Christmas and also appears on television. Each spring the choir takes a trip into parts of Kentucky, sharing its talent with students in other high schools and colleges. Also a part of the department are the specialty groups such as the Quartet, who sing mainly barbershop renditions, and the boys' ensemble, who sing songs especially designed for smaller singing groups.

## Pep Club Promotes School Spirit

With 462 members the Pep Club continually provides the nucleus for the spirited enthusiasm for which Waggener is known.

Sponsored by Miss Patricia Ewing and supported by President Jo Armstrong, the club has provided the spark that has made 1963-64 one of Waggener's best in sports.

Specific activities, aside from game appearances, include planning and presenting pep rally skits; decorating the football field and basketball court for games; drawing and painting the traditional Wildcat, a symbol of Waggener's school spirit; and the sponsoring of the Junior-Senior Girls' Football Game and of an athletic scholarship.

## 35 Girls on the March

Halftime highlights! This means the appearance of none other than the high-stepping prancers of Waggener's Drill Corps. Once again returning to lead the Corps in their intricate routines is Shirley Wilson, head majorette. The Corps not only is decorative but is industrious as it serves the school by selling programs at home games. In addition to providing pleasure and entertainment to Waggener boosters, the girls march in the Veterans' Day and Derby Day Parades. As an additional honor, the Corps will perform at Centre's Homecoming festivities. With batons twirling and tassels tossing, the Drill Corps not only exemplifies the beauty of grace and discipline, but also provides a touch of color and femininity to the sobriety and masculinity associated with many competitive sports. It is here Waggener shows her interest in feminine physical fitness by endorsing this worthwhile program for girls.

Waggener's majorettes' performance is the highlight of the Drill Corps' presentation.

The four language clubs, formed from students currently enrolled in such classes and meeting certain requirements, are active in promoting the selection of languages by students. The French Club, whose meetings are conducted entirely in French, sponsors speakers and films periodically. With a minority of students taking German, Die Deutsch Gesellschaft members hold joint meetings in affiliation with Seneca. Traditionally the Latin Club sponsors a Latin play, and a slave auction. From the profits of this last project, the club hosts a lavish banquet with members dressed in togas and their slaves in attendance. As a major project the Spanish Club is sponsoring "Operation Amigo" to bring 25 students from Ecuador to Louisville for two weeks. All the organizations together strive to promote understanding and enjoyment of languages and their civilizations.

These hardworking boys fondly call themselves the United Laboratory Workers of America.

Possessing an interest in science and the willingness to pursue that interest outside of classroom activity, the science club members meet once a month and listen to a speaker or take a field trip. The club sponsors Waggener's science fair in the spring. Through this organization, the science club wishes to promote and to provide students with the opportunity to do some creative work in a field of their interest.

The organization of the High School Red Cross is affiliated with the American Red Cross. Activities for the year include the equipping of a disaster chest and a school supplies chest, making Christmas decorations and favors for local hospitals, and conducting the school's annual High School Red Cross drive. All of which serve to illustrate the group's purpose: providing a channel of service for high school students who want to take part in community projects.

Red Cross members prepare Red Cross Journals for distribution at the next meeting.

## Chess Club Competes for Honors

Every Tuesday seventeen of Waggener's greatest thinkers gather to study the age old game of mental alertness, chess. Ellis Sea heads this group which gathers to contemplate the moves and techniques of some of the great masters of chess. These skills may some day be of use to Waggener's fine team which is currently engaged in its second year of competition against other schools. Members of the team number seven and the club is sponsored by Mrs. Kurtz.

A better understanding of literature is the goal of many who are interested in reading. The Great Books Club, sponsored by Miss Anna C. Slechter, offers students this very opportunity throughout the year as books of interest are read and discussed by this group after school.

The Math Club is open for membership to all seniors taking math and all juniors with a "B" average in math. Programs include field trips, guest speakers, and advanced topics in math. Through these activities the club offers students additional topics of math and prepares them more thoroughly for college work in math.

## Library Club Serves Daily

Every day Gail Brandt and Karen Kosfeld type up overdue library book notices.

The Library Club, sponsored by Mrs. Anna A. Diecks, constitutes all library assistants. Their daily library duties are checking books and students in and out of the library, shelving books, and helping in the workroom. This service as a library assistant provides training in future library research.

Before entering the library, everyone has to have his admission slip stamped by a library aide.

## Coed-Y Satisfies Curiosity

The Coed-Y is associated but not under the direction of the Y.M.C.A. The criteria of the programs is educational and interesting. Activities for the year included slides and speakers on Communism, discussions on Marx and John Birch, and a visit to a funeral home. The basis for the whole club is curiosity, and their programs are planned according to the general interest of the club members.

During their discussion of Communism the Coed-Y had many interesting speakers.

## Good News Club Studies World Problems

Current problems of the world are the subject for discussion and exploration in weekly study groups held by the Good News Club. Camp activities are held at Echo Valley during the early fall and in the spring. Participants in these camp activities come from Louisville and Jefferson County schools.

## Class of '64 Shows True

As our senior year draws to a close, we suddenly realize that our six years with Waggener are soon to come to an abrupt end. In a few simple moments we can recall many memories both happy and sad of our relationships here. We have worked together and had fun together and have made many friendships that will last throughout our lifetime.

Excitement of entering high school flooded our minds as we entered Waggener as freshmen. We learned that we were the largest and soon to become the best class ever to graduate from Waggener. This first year our privileges were greatly limited because the school was not large enough to

accommodate both a junior and a senior high. Our class was led by President Butch Riley, Vice-President Betty Jo Dixon, Secretary Andy Grissom, and Treasurer Diane Giannini. We had no projects this year but gained great recognition in the athletic fields. Our J.V. football team was the mythical county champs, and both Mike Rodgers and Butch Riley earned positions on the varsity squad. We had two girls who represented us on the J.V. cheering squad, Linda McMurtrie and Susan Anderson.

That first year passed quickly, and with the opening of school we selected our Sophomore Class Officers: President Reed Silliman, Vice-President Larry Ethridge, Secre-

Our Senior Class meetings always had a lighter side to them; whether it was pig-throwing . . .

## Pride and Unity

tary Pam Sullivan, and Treasurer Mike Rodgers.

Again our athletes gained unlimited praise. Sophomores dominated the football squad, and Joey Bloyd led the team in scoring. We had several boys on the basketball team, and everyone soon recognized the outstanding ability of our athletes and realized that in a few years Waggener would be the predominant team on all the athletic courts and fields. Our only class project this year was a soc-hop.

True pride and unity enveloped us through our junior year. It was not an easy job to plan money-making projects that would carry us through our many planned activities.

We were led by President Larry Ethridge, Vice-President Butch Riley, Secretary Diane Giannini, and Treasurer Mike Rodgers. This year we had six soc-hops and a car wash. We will never forget the committee work done on these dances and how we almost set fire to the school while trying to use dry hay to create a Halloween-like atmosphere. We will always remember our letter to the Great Pumpkin, the "still on the hill," the colds caught at the car wash and our newly originated HONK—CLASS OF '64. This year our class broke a tradition concerning the girls' football game; this year WE emerged victorious. We suffered from broken bones, sprained ankles, and black eyes, all of which our tyrannical and devoted coaches said

were simply "a part of the game." On November 14, we realized that our every practice was worthwhile as we fought our way to a fabulous 14-13 victory.

This year we had three varsity cheerleaders, Linda McMurtrie, Cassandra Willis, and Pat Carpenter. The football team was again predominantly athletes from our class. They lost some very close battles but gained valuable experience for the big year to come. Four of the five starters on the basketball squad were Juniors, and a Junior was crowned Basketball Queen.

Spring brought the election of our Senior Class Officers. They were President Larry Ethridge, Vice-President Hume Morris, Secretary Betty Gliessner, and Treasurer Diane Giannini. Highlighting the final weeks was our very impressive ring ceremony. The symbolic meaning of our school and class for which we had so long been waiting was now ours. We truly were the CLASS of '64!

As we entered Waggener in the fall of '63, we were the leaders, the athletes, and the Seniors. In November our Senior Play, "The Man Who Came To Dinner," was presented. Will we ever forget the trouble we had building the new flats, the mysterious

disappearance of the fire extinguisher, and our "Sheridan Whitesides" practicing with their wheel chairs. We profited from this performance in many ways. We added \$2000 to our treasury, gained a reputation for pie throwing, and made many new friends.

The '63 football season was the best in the history of the school, as our Wildcats went undefeated in county competition. They were District Champs, County Champs, and Runner-up in the State. Mike Rodgers became Waggener's first member to the Class AAA, All-State and All-Southern teams. Gary McGaughey was also on the AAA team. The basketball team set a new school record with a 14-5 regular season. We had truly lived up to the predictions and produced two of the finest teams in the county.

Our years with Waggener are now over. We will always love and respect her. In our hearts will remain forever the wonderful friends we have made and the experiences we have had. We are the CLASS of '64 forever.

It wasn't until we finally put on our rings for the first time that we were officially Seniors.

## Juniors Plan for Senior Year

The class of '65 under the leadership of its class officers and the Executive Board has accomplished many of its goals. The junior class, sponsored by Mr. Shureck and other members of the faculty, has in an effort to obtain funds for activities during the senior year undertaken a magazine subscription drive, six successful soc hops, a car rally, and a hootenanny. They have tried to fulfill their objectives of greater participation in class activities, greater cooperation between the junior and senior classes, and greater school pride through class pride. With such class enthusiasm and potential, the Junior Class is looking forward to a very rewarding senior year.
