Waggener High School Reunion, Class of 1962 (1984)

This is one of many sections that contain information, photos, newspaper articles, internet items, etc. of the St. Matthews area and especially of Waggener High School. Many of the items came from Al Ring's personal collections but many people have helped and I have tried to give credit where I can.

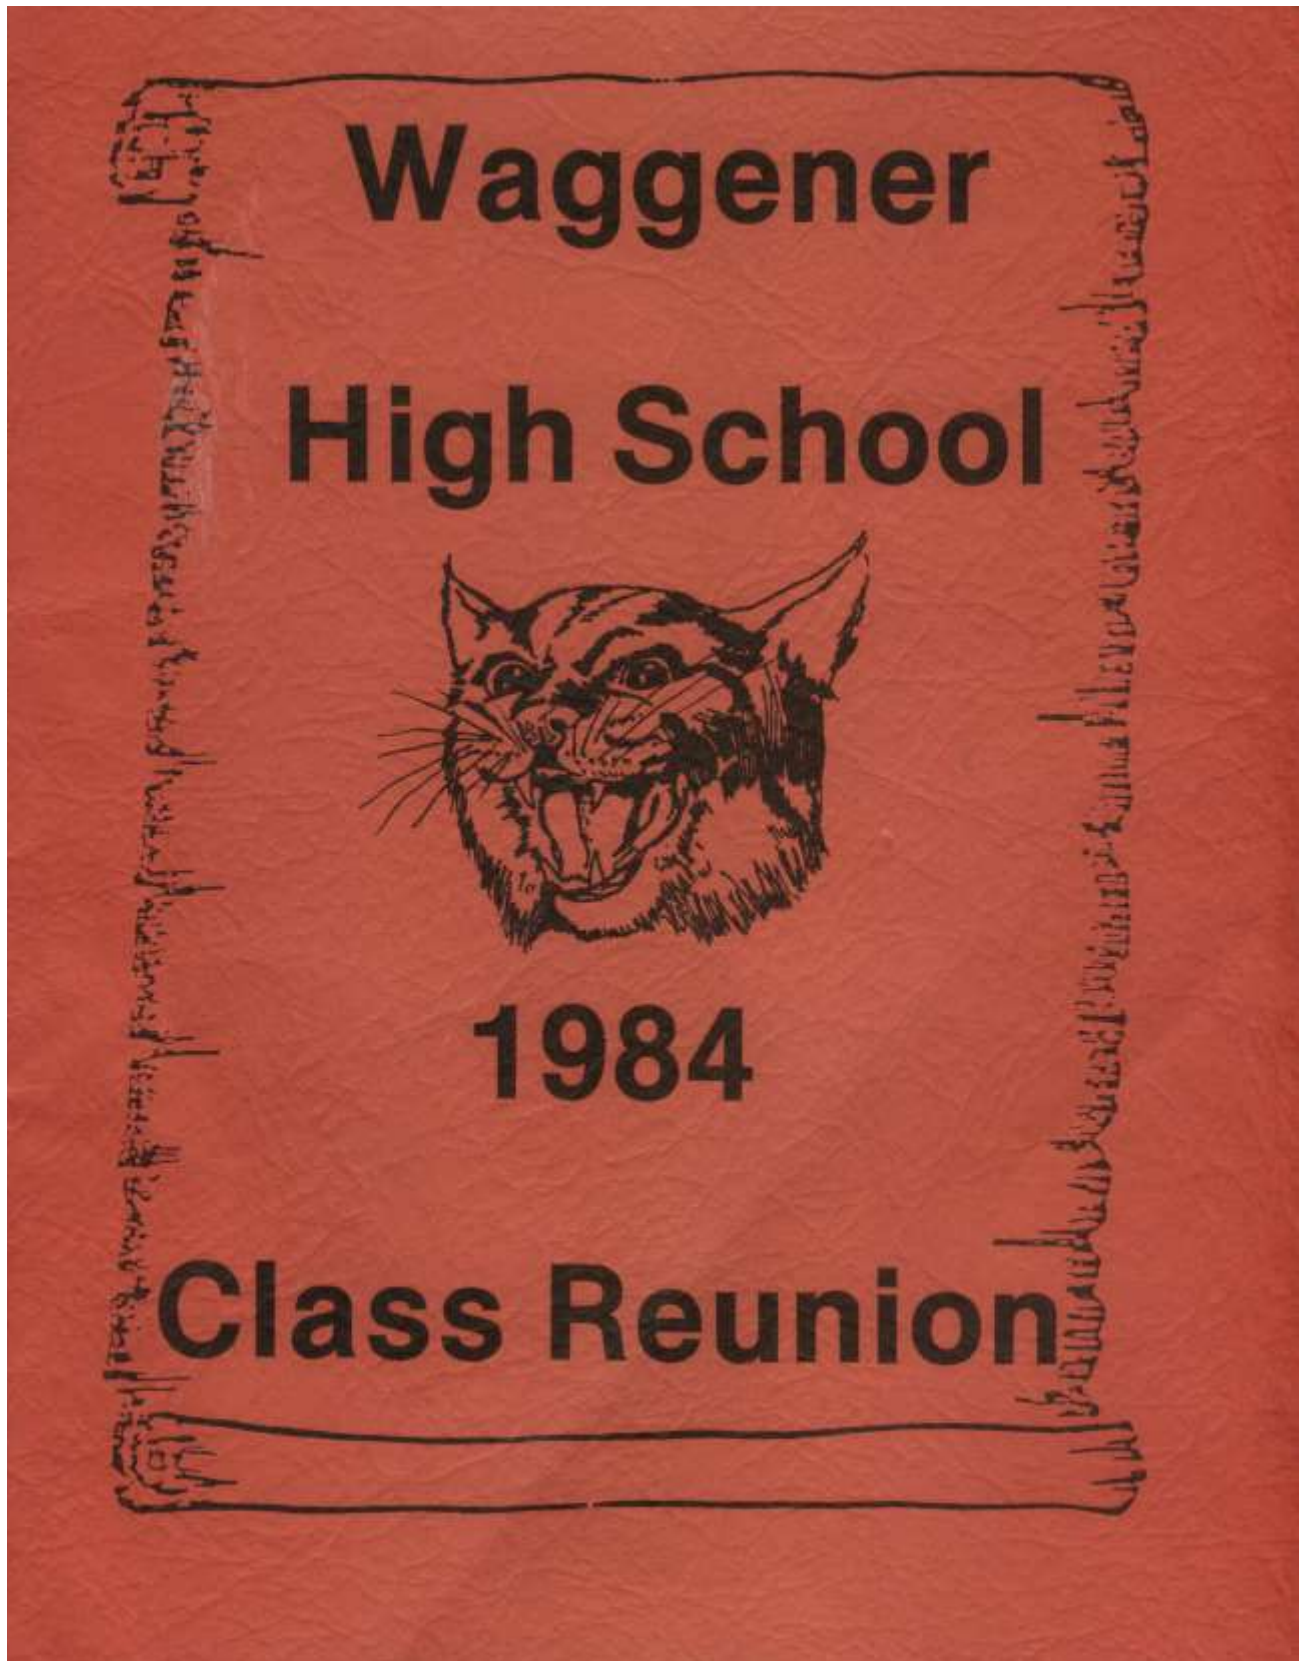

The purpose of this "collection" was to create the history of Waggener and the students and teachers who were there during my time. Being retired I now have time to do many of the things I have always wanted, this project is just one of them. The collection is continuing today, so if you should have old or new information on the St. Matthews area from 1950 to 1962 or Waggener High, please contact Al Ring.

All graphics have been improved to make the resolution as good as possible, but the reader should remember that many came from copies of old newspaper articles and photos. Credit to the source of the photos, etc. is provided whenever it was available. We realize that many items are not identified and regret that we weren't able to provide this information. As far as the newspaper articles that are not identified, 99% of them would have to be from one of three possible sources. *The Courier-Journal*, *The Louisville Times* or one of the *Voice* publications. Books that we have used for some information include, *Randy*, *Cactus*, *Uncle, Ed and the Golden age of Louisville Television*, *Waggener High School Alumni Directory 1996*, *Waggener Traditional High School Alumni Directory 2007*, *Memories of Fontaine Ferry Park*, *St. Matthews The Crossroads of Beargrass* by Samuel W. Thomas, *St. Matthews, 25 Years a City Two Centuries a Community*, *St. Matthews 1960-1995*, *Waggener Lair's 1958 to 1962*, *The Holy Warrior, Muhammad Ali*, *Louisville's Own (An Illustrated Encyclopedia Of Louisville Area Recorded Pop Music From 1953 to 1983)*.

Please use this information as a reference tool only. If the reader uses any of the information for any purpose other than a reference tool, they should get permission from the source.

STATS****STATS****STATS****STATS****STATS****STATS****STATS****

Our senior class totaled 320 students. We located 270 of us (80%). We received information from about 50% of the people we located. Based on what data we compiled, here is a profile of us after 22 years:

We live in 31 states, including two in Hawaii. Besides Kentucky, Indiana claims 14, California 12, Florida 11, and Texas 9. We have one classmate each in Canada and the Phillipines. Joe Cunningham recently moved back to Big Lou from Guam.

We collectively have, from those we've heard from, 154 children and 10 grandchildren. Connie Corey Harbolt has the lone natural grandchild; the others were inherited. The largest family has six children, and we have one set of twins in the group. The largest age groups of the kids are 6-10, and 11-15. Incidentally, the youngest child is only 3 months old!

Many have served our country in the military or in other capacities, both in the U.S. and abroad. One has worked in Mexico educating the Indians, while another served in the Peace Corps in Bolivia. Of those responding, 14 served in the Army, 9 in the Navy, 9 in the Air Force, and 1 in the Marines. They served, as we said, all over the world, including Europe, Japan, and Viet Nam. All but one of us survived the conflict in Viet Nam.

We have all made accomplishments in the past 22 years. Two of our classmates have had books published - Georgia Brucken (a booklet on flowers of Florida), and Elena Yates (a book on the best seller list entitled Ice Orchids). Several others have been written about in various trade and professional journals. Still others free lance write and have had their efforts appear in national magazines.

We have an equal number of guys and gals who own their own businesses. Of those who work for someone else, we run the gamit - doctors, lawyers, Indian Chiefs. We have a female doctor, and a female minister. We have an inventor, an owner of a recording studio, and one deposed king/ex CIA agent (we really do believe you, Jack Burrice!).

We also have many classmates who have returned to school - some for Ph D's. Others are starting new careers. Still others are learning new skills or refreshing old ones in order to reenter the work force.

For the past twenty-two years, most of us have just lived our lives. In reading resumes, it was interesting to see just how diverse we had become and yet how much we are all alike.

Best wishes to all,

Marilyn Gordon McCarthy
